deep into the collective unconscious and through the realm of archetypes, where dreams and myths meet. In this original box set, Kim Krans illuminates the revelatory power of archetypes—the ancient, universal symbols that have endured across time and cultures and reside deep in our shared psyche. Illustrated in her unmistakable “Wild Unknown” style, an emotionally evocative combination of elegant line art and lush watercolor painting, The Wild Unknown Archetypes Deck and Guidebook fosters a profound understanding of our complex personalities, behaviors, and tendencies. The Wild Unknown Archetypes deck includes 78 gorgeous circular oracle cards divided into four suits: The Self, The Place, The Tool, and The Initiation. Each archetype has been carefully selected for its symbolic potency and the lesson at the core of its nature, such as The Poet, representative of deep emotional creativity and the drive to find our truth, and The Resting Place, symbolic of a pause on our journey and the need to seek replenishment. Accompanying the deck is a 200-page hand-lettered, fully illustrated guidebook written and designed by Krans, which details the meaning behind each card and offers clear, grounded explanations of the many spreads, practices, and concepts that power the Archetypes deck. A beautiful and inclusive tool for self-exploration, The Wild Unknown Archetypes Deck and Guidebook is sure to enchant readers drawn to personal study, symbology, and lore. Destined to become a treasured keepsake, The Wild Unknown Archetypes Deck and Guidebook is an exquisitely designed work of art that embodies the mystery, glamour, and allure that made Krans’s previous work collectible sensations, while introducing a whole new realm of magic and depth to The Wild Unknown.

A collaboration between a traditionally trained physician and a medical intuitive, The Creation

of Health illuminates the deep connection between emotional dysfunction and physical illness. It describes the role that emotional disturbances play in the most common diseases and ailments from the common cold to arthritis, diabetes, heart disease, and cancer. After providing an introduction to intuitive medicine and its history, method of diagnosis, and relationship to traditional medicine, Myss and Shealy detail the deeper emotional and psychic reasons why illness develops in the body. Dr. Shealy offers a traditional account of a particular disease or ailment, while Dr. Myss sheds light on the deeper causes through her corresponding energy analysis. Confirming the link between illness and emotion, *The Creation of Health* puts forth a groundbreaking vision of holistic healing.

Caroline Myss, author of the New York Times bestsellers *Anatomy of the Spirit* and *Why People Don't Heal and How They Can*, presents an exciting, highly original program in this long-awaited book. Based on her internationally popular workshop of the same name, *Sacred Contracts* is a brilliant synthesis of psychology, healing guidance, and spiritual insight. As a medical intuitive, Myss has found that people often don't understand their purpose in life, which has led to a spiritual malaise of epidemic proportions. This metaphysical disease in turn leads to depression, anxiety, fatigue, and eventually physical illness. But our purpose—our individual Sacred Contract—is often difficult to apprehend. For this reason, Myss developed an enjoyable and ingenious process for deciphering your own Contract using a new theory of archetypes that builds on the works of Jung, Plato, and contemporary thinkers. She first recounts how the concept of Sacred Contracts took form in myths and other cultural traditions through the ages. She then examines the lives of the spiritual masters and prophets—Abraham,

Jesus, the Buddha, and Muhammad—whose archetypal journeys illustrate the four stages of a Sacred Contract and provide clues for discovering your own. With her signature motivational style and stories, Myss explains how you can identify your particular spiritual energies, or archetypes—the gatekeepers of your higher purpose—and use them to help you find out what you are here on earth to learn and whom you are meant to meet. In coming to know your archetypal companions, you also begin to see how to live your life in ways that make the best use of your personal power and lead you to fulfill your greatest—in fact, your divine—potential. In this process, you learn how to see your life—and the lives of others—symbolically, allowing you to manage your personal power without getting caught up in emotional drama. You will also learn how to fulfill your Sacred Contract: what you and only you are here on earth to do. Finally, Myss offers specific guidance for locating your physical and emotional vulnerabilities and healing any susceptible areas. Both visionary and practical, Sacred Contracts is a completely unique process of self-discovery and spiritual archaeology and a bold, powerful work of spiritual wisdom.

A bold account of the development of human consciousness and spirituality over the ages and an examination of the dynamic global transformation of attitudes about healing. For more than fifteen years, Caroline Myss has studied why some people heal, while others do not. In her previous book, *Anatomy of the Spirit*, Dr. Myss illuminated the hidden interactions of belief and body, soul and cell to show how, as she inimitably puts it, "your biography becomes your

biology." In *Why People Don't Heal and How They Can*, she builds on her earlier teachings of the seven different energy centers of the body to provide a vital self-healing program for physical and spiritual disorders. With her characteristic no-nonsense style and high-voltage storytelling, she exposes and explodes the five myths about healing, explains the cultural and individual contexts in which people become physically and spiritually ill and invested in "woundology," and teaches new methods of working with the challenges that the seven energy centers embody. To help you get and stay on the path to wellness, Dr. Myss provides rituals and prayers for gaining a symbolic perspective on your life issues; for bolstering your personal power; and for connecting with a universal divine energy. Dr. Myss's breakthrough views on energy medicine and her active approach to healing life issues and physical illness will help you overcome the mental blocks that keep you from becoming well.

Far back in time, light from the underlying fabric of creation burst forth creating the super-luminous event through which our Universe was born. Time began its endless journey through ever-expanding space. The early universe was simply a sea of particles floating through space and time. But life's invisible wheels were already in motion and over time the sea of particles became a sea of stars from which Gaia, our Earth, was born - a living, breathing entity - our Goddess, our Mother and our reflection. The Gaia Oracle, a beautiful new oracle set from bestselling artist Toni Carmine Salerno, consists of 45 richly illustrated cards designed to point you in love's direction and help you find the answers you seek.
