Term created by Abbie Hoffman and Jerry Rubin in the mid-1960s to refer to "members" of the Youth International Party (YIP!). The YIP! was dedicated to merging New Left activism and the hippie counterculture to create a revolution that would be both personal and political--as well as fun. Yippies tended to gather in large cities, particularly in Manhattan's Lower East Side, where Rubin and ...

The Youth International Party (YIP), whose members were commonly called Yippies, was an American youth-oriented radical and countercultural revolutionary offshoot of the free speech and anti-war movements of the late 1960s. It was founded on December 31, 1967. They employed theatrical gestures to mock the social status quo, such as advancing a pig ("Pigasus the Immortal") as a candidate for ...

~~Beat Hippie Yippie - ufrj2.consudata.com.br~~
The Eighties term, Yuppie, was in fact, the illegitimate bastard of the unholy union of the acronym Y.U.P. with the late-Sixties to early Seventies term, YIPPIE, which in turn was an appropriation of the last syllable of the Sixties counter-cultural epithet, HIPPIE. And the previous meaning adhered as an echo in each further elaboration.

Beat Literature in Europe offers in-depth analyses of how European authors and intellectuals working in different kind of political contexts read, translated and appropriated American Beat literature from the late 1950s to the present.

A member of the "Beat Generation," Allen Ginsberg may well be remembered as the most important poet of the 20th century. As this volume indicates, his works have received increasing amounts of attention, and his influence has been pervasive. This bibliography cites approximately 6,500 critical and biographical studies of Ginsberg's life and work, along with translations of his many writings. Translations are arranged by language and are then categorized by type of publication. Critical and biographical works are listed chronologically, so that the reader may see the response to Ginsberg over time. Extensive indexes allow the reader to find citations for particular titles and authors.

This book reveals the ideas behind the Beat vision which influenced the Beat sound of the songwriters who followed on from them. Having explored the thinking of Alan Watts, who coined the term ‘Beat Zen’, and who influenced the counterculture which emerged out of the Beat movement, it celebrates Jack Kerouac as a writer in pursuit of a ‘beatific’ vision. On this basis, the book goes on to explain the relevance of Kerouac and his friends Allen Ginsberg and Gary Snyder to songwriters who emerged in the 1960s. Not only are new, detailed readings of the lyrics of the Beatles and of Dylan given, but the range and depth of the Beat legacy within popular song is indicated by way of an overview of some important innovators: Jim Morrison, Joni Mitchell, Leonard Cohen, Donovan, the Incredible String Band, Van Morrison and Nick Drake.

This collection arises from an international fashion conference held at Sapienza University in Rome, Italy, in May 2015. It is dedicated to one of the main indicators of social change, fashion, analysed within various scientific fields, historical periods, and geographical areas. It offers a comprehensive and detailed analysis of the world of clothes, starting from a historical perspective, religious clothes, and traditional costumes, and then exploring fashion theories and more recent approaches and developments in the media and advertisements. The book analyses the clothing of various cultures, including the Hittite peoples and the less explored fashion of Eastern Europe, and it deals with craft traditions and national costume in different areas, including China, Greece, Romania and Georgia. It also investigates the style of marginalized groups and youth movements and the interpretation of fashion in the studies and writings of sociologists, philosophers and linguists, such as Fausto Squillace and Christian Garve.

Originally published in 1974, Deviance and Social Control represents a collection of original papers first heard at the annual meeting of the British Sociological Association in 1971. They reveal how the American approach to deviance has been taken up by British sociologists, and revised and modified, and they explore possibilities of extending and strengthening the subject, for instance through comparative analysis or by examining issues which bear on deviant behaviour.

Woodstock: The 1969 Rock and Roll Revolution celebrates the fascinating story of how the music event came to be and the people that made it part of history. How can you explain the Woodstock Festival, 50 years after the event, to those who were not fortunate enough to take part? The concert that changed the history of rock music and an entire generation cannot be reduced to the photos. Half a million young people come to Bethel, New York, from every corner of the world to experience three days of music together. This event, now legendary, resounds with the psychedelic notes of Santana and the sublime guitar of Pete Townshend of The Who, the rich voices of Joan Baez and Janis Joplin, and the many other artists who appeared one after another on the stage. Yet, it was perhaps the guitar of Jimi Hendrix as he played his version of the American national anthem, “The Star-Spangled Banner,” as Woodstock screamed its impetuous, revolutionary protest against the war in Vietnam, that became the symbol of an epochal dissent. In Woodstock, journalist and music critic Ernesto Assante presents those unforgettable days through exclusive interviews and photos he has recorded throughout his entire career. Michael Lang, Carlos Santana, Joe Cocker, Grace Slick, Arlo Guthrie, Joan Baez, Bob Weir, Roger Daltrey, Graham Nash, will all take us to Bethel to re-live and give thanks to the extraordinary figures that made Woodstock a legend that still echoes today.
