Due Diligence Checklist

If you are buying a company how can you be sure you are buying the business you think you are? Are you sure it is as good as the seller says? How can you be certain unexpected costs and obligations will not suddenly appear once you are the owner and responsible for them? How best can you arm yourself for the negotiations? Designed to help you make your due diligence process as smooth and effective as possible, this collection of checklists by acknowledged expert, Peter Howson, will ensure you manage the risk aspects of any acquisition. The author takes you through the due diligence process itself from legal, financial and commercial to employment and IT, and guides you through the collection. Each checklist includes a short introduction that enables you to make the best use of the material. Due Diligence is, by its nature, a process for which checklists are a wonderful source of ideas and reassurance. Peter Howson's checklists (all of which are repeated in PDF form on a CD included with the book), is a must-have reference for anyone contemplating a merger or acquisition, a management buyout, joint venture or other risky business transactions involving third parties.

Designed to help you make your due diligence process as smooth and effective as possible, this collection of checklists by acknowledged expert, Peter Howson, will ensure you manage the risk aspects of any acquisition. The author takes you through the due diligence process itself from legal, financial and commercial to employment and IT, and guides you through the collection. Each checklist includes a short introduction that enables you to make the best use of the material.

How can you be sure you are buying the company you think you are? Are you sure it is as good as the seller says? How can you be certain unexpected costs and obligations will not suddenly appear once you are the owner and responsible for them? How best can you arm yourself for the negotiations? Have you worked out precisely what you are going to do with it once it is yours? How do you set the priorities for change to recoup the premium you have paid for it? The answer to all these questions, and many more, lies with effective due diligence. Due diligence is one of the most important but least well understood aspects of the acquisition process. It is not, as many believe, a chore to be left to the accountants and lawyers. To get the best from it, due diligence has to be properly planned and professionally managed. This book is a comprehensive manual on getting due diligence right. It is a uniquely comprehensive guide, covering all aspects of the process from financial, legal and commercial due diligence right through to environmental and intellectual property due diligence. There are also useful chapters on working with advisers and managing due diligence projects. It also includes a number of checklists to help ensure that the right questions are asked.

A plain-English guide that demystifies the business landscape inChina from a due diligence point of view Due diligence is crucial to any business deal. and, thankfully, due diligence research has come a long way over the years. Whatused to be a cumbersome, time-consuming process has beenstandardized and systemized with generally accepted auditingframeworks and tools, such as the all-important auditing"checklists." But when it comes to doing due diligence in China,with its opaque regulatory system and byzantine accountingstandards, all bets are off. In this book an acknowledged expert inthe field takes you beyond the checklists to arm you withChina-specific due diligence strategies, tools and techniques thatgo beyond what is typically part of the process. Gives a detailed account of why conventional frameworks used inthe west simply don't work in China Provides first-hand accounts based on the author's years ofexperience as a private equity professional doing deals inChina Reviews, in-depth, the unique differences between corporationsand businesses in China and those in the West and theirimplications for the due diligence process Uses numerous case studies to guide the reader through anentire due diligence process for a firm in China

FREE DOWNLOAD OF PROPERTY ANALYZER SOFTWARE Canadians in greater numbers than ever before are turning to real estate to build wealth.
