Synopsis. Socrates' admonition that "the unexamined life is not worth living" still resonates with many people, and "The Complete Idiot's Guide [registered] to Philosophy, Third Edition" is a great introduction to that mental exercise. The author skillfully covers the subject both historically and topically and brings the reader all the way up to the present, with insights into 21st-century philosophical thought.

Discusses management models and concepts, strategies for

Management subject, as well as the views of such religious and spiritual leaders as Edgar Cayce and the Dalai Lama.

A belief in the afterlife - what happens to the spirit, the essence of a person and personality after the body ceases to be - is common to almost every faith and culture the world over. Even people who don't ascribe to a religion or consider themselves spiritual share a fascination in life after death; they may just look at it in a different way. Some will wonder about the existence of heaven or hell; others believe they've seen "dead people," especially
