Passing the CPH Exam is a core degree requirement for all students who began their MPH program in or after Fall 2015. The CPH exam is a 200-question, four-hour exam. Effective January 1, 2019, the exam follows a new content outline that tests knowledge in ten domains areas, each comprising 10% of the total exam: 1.

In seven chapters, you'll get a complete review of each of the core competencies as recommended by the Association of Schools of Public Health (ASPH) as well as tips, test-taking skills, recommended resources, and 200 practice-test multiple choice questions. A concise review of epidemiology, biostatistics, behavioral and social sciences, environmental sciences, and health policy and management sciences is offered along with vignettes that illustrate the application of concepts. Numerous figures, tables, and references further enhance learning.

Contains more than 600 practice questions and answers! Certification in Public Health (CPH) Q&A Exam Review provides the ultimate resource for all students and practitioners seeking the professional credential and committed to lifelong learning and career growth in public health. Chapters are organized by all ten core competency domain areas, beginning with Evidence-Based Approaches to Public Health and including chapters on Communication, Leadership, Law and Ethics, Public Health Biology and Human Disease Risk, Collaboration and Partnerships, Program Planning and Evaluation, Program Management, and Policy in Public Health before concluding with Health Equity and Social Justice. Covering over 150 topic areas, each chapter introduces the core objectives of each domain area to frame the goals of the CPH exam and highlight the complete content outline featured on the exam. Chapters include the fundamental information public health professionals must learn to be effective workers in the field followed by approximately 600 practice questions with detailed rationales for correct answers at the end of each chapter. Using this method, the number of practice questions are divided equally among each domain area for comprehensive study and exam preparation. Written by a CPH certified educational leader in public health and containing over three exams' worth of questions, this book is the most useful and thorough exam review resource on the market, great for on-the-go study and preparation. **KEY FEATURES:** Over 600 multiple choice, single-best answer questions with answers and detailed rationales Full coverage of all 10 competency domain areas featured on the exam Written by a CPH certified and leading educator in public health Includes downloadable interactive eBook for anytime access This book is an independent publication and is not endorsed, sponsored, or otherwise approved by
