Over the course of eighteen years, Donald Harvey murdered at least fifty-nine people while working as a nursing assistant in Ohio and Kentucky hospitals. His crimes shocked the nation; even today, Harvey's name is invoked whenever those we trust in the medical system commit horrendous crimes. Now for the first time, Harvey's court-appointed defense attorney, William Whalen, and co-author Bruce Martin, reveal facts formerly protected by attorney-client privilege in *Defending Donald Harvey*. With Harvey's full cooperation, Whalen and Martin provide frightful insights into the mind of the cherub-faced killer. They detail his abused childhood; the confused search for identity that plunged him into Satanism and Nazism; the bizarre behavior reported by his coworkers but ignored by his employers; and of course his heartbreaking, brutal crimes. The book also includes an afterward by award-winning journalist Pat Minarcin, who broke the story that opened a Pandora's box of multiple killings.

Recounts the infamous Jeffrey MacDonald murder case and how it reflects shortcomings in the justice system, drawing on court transcripts, lab reports, and original interviews to consider the plausibility of MacDonald's innocence.

The instant New York Times bestseller. "An instant classic of investigative journalism... ' All the President ' s Men ' for the Me Too era." — Carlos Lozada, *The Washington Post* From the Pulitzer Prize-winning reporters who broke the news of Harvey Weinstein's sexual harassment and abuse for the New York Times, Jodi Kantor and Megan Twohey, the thrilling untold story of their investigation and its consequences for the #MeToo movement For many years, reporters had tried to get to the truth about Harvey Weinstein ' s treatment of women. Rumors of wrongdoing had long circulated. But in 2017, when Jodi Kantor and Megan Twohey

began their investigation into the prominent Hollywood producer for the New York Times, his name was still synonymous with power. During months of confidential interviews with top actresses, former Weinstein employees, and other sources, many disturbing and long-buried allegations were unearthed, and a web of onerous secret payouts and nondisclosure agreements was revealed. These shadowy settlements had long been used to hide sexual harassment and abuse, but with a breakthrough reporting technique Kantor and Twohey helped to expose it. But Weinstein had evaded scrutiny in the past, and he was not going down without a fight; he employed a team of high-profile lawyers, private investigators, and other allies to thwart the investigation. When Kantor and Twohey were finally able to convince some sources to go on the record, a dramatic final showdown between Weinstein and the New York Times was set in motion. Nothing could have prepared Kantor and Twohey for what followed the publication of their initial Weinstein story on October 5, 2017. Within days, a veritable Pandora ' s box of sexual harassment and abuse was opened. Women all over the world came forward with their own traumatic stories. Over the next twelve months, hundreds of men from every walk of life and industry were outed following allegations of wrongdoing. But did too much change—or not enough? Those questions hung in the air months later as Brett Kavanaugh was nominated to the Supreme Court, and Christine Blasey Ford came forward to testify that he had assaulted her decades earlier. Kantor and Twohey, who had unique access to Ford and her team, bring to light the odyssey that led her to come forward, the overwhelming forces that came to bear on her, and what happened after she shared her allegation with the world. In the tradition of great investigative journalism, *She Said* tells a thrilling story about the power of truth, with shocking new information from hidden sources. Kantor and Twohey describe not only the consequences of their reporting for the #MeToo movement, but the inspiring and affecting journeys of the women who spoke up—for the sake of other women, for future generations,

Cold Blooded Murderer or Angel of Mercy? Ronald Harvey claimed to have killed 87 persons under his care. This is his story from his first to last breath. Sometimes it seems that each new serial killer caught ends up being convicted of crimes more heinous than his predecessors-but Donald Harvey takes the crown. Born in Butler County, Ohio, in 1952, the "Angel of Death," as he liked to be called, had committed 13 murders by the time he turned 18. He grew up in an abusive and hostile environment, but all who came to know him described him as a "good boy." None of them would have guessed that this boy could commit cold-blooded murder without batting an eyelash. On March 30, 2017, the Angel of Death finally took his last breath at the Toledo Correctional Institute. But what spurred this man to commit 87 murders in the span of 17 years? He claimed to have started killing to "ease the pain" of hospital patients but later confided that he liked the feeling of control. Whatever his motive, Donald Harvey was undoubtedly among the most ruthless and heartless criminals ever to plague the United States. Scroll back up and grab your copy today!

"A brilliant lawyer...A new and very important book. I would encourage all people...to read!"—President Donald J. Trump  
“ Absolutely amazing.... If you care about justice...read this book. ” —Sean Hannity  
“ Maybe the question isn ’ t what happened to Alan Dershowitz. Maybe it ’ s what happened to everyone else. ” —Politico  
Alan Dershowitz has been called “ one of the most prominent and consistent defenders of civil liberties in America ” by Politico and “ the nation ’ s most peripatetic civil liberties lawyer and one of its most distinguished defenders of individual rights ” by Newsweek. Yet he has come under partisan fire for applying those same principles to Donald Trump during the course of his many appearances in national media outlets as an expert resource on civil liberties and constitutional law. The Case

Against Removing Trump seeks to reorient the debate over impeachment to the same standard that Dershowitz has continued to uphold for decades: the law of the United States of America, as established by the Constitution. In the author ' s own words: “ In the fervor to impeach President Trump, his political enemies have ignored the text of the Constitution. As a civil libertarian who voted against Trump, I remind those who would impeach him not to run roughshod over a document that has protected us all for two and a quarter centuries. In this case against impeachment, I make arguments similar to those I made against the impeachment of President Bill Clinton (and that I would be making had Hillary Clinton been elected and Republicans were seeking to impeach her). Impeachment and removal of a president are not entirely political decisions by Congress. Every member takes an oath to uphold the Constitution of the United States, and the Constitution sets out specific substantive criteria that MUST be met. I am thrilled to contribute to this important debate and especially that my book will be so quickly available to readers so they can make up their own minds. ”

David E. McCraw recounts his experiences as the top newsroom lawyer for the New York Times during the most turbulent era for journalism in generations. In October 2016, when Donald Trump's lawyer demanded that The New York Times retract an article focused on two women that accused Trump of touching them inappropriately, David McCraw's scathing letter of refusal went viral and he became a hero of press freedom everywhere. But as you'll see in Truth in Our Times, for the top newsroom lawyer at the paper of record, it was just another day at the office. McCraw has worked at the Times since 2002, leading the paper's fight for freedom of information, defending it against libel suits, and providing legal counsel to the reporters breaking the biggest stories of the year. In short: if you've read a controversial story in the paper since the Bush administration, it went across his desk first. From

Chelsea Manning's leaks to Trump's tax returns, McCraw is at the center of the paper's decisions about what news is fit to print. In *Truth in Our Times*, McCraw recounts the hard legal decisions behind the most impactful stories of the last decade with candor and style. The book is simultaneously a rare peek behind the curtain of the celebrated organization, a love letter to freedom of the press, and a decisive rebuttal of Trump's fake news slur through a series of hard cases. It is an absolute must-have for any dedicated reader of *The New York Times*.

A graphic portrayal of the background of the Ku Klux Klan, its battle with the law, and the current reasons why hate groups cannot be ignored. This is the second volume of the bestselling annual, *Serial Killers True Crime Anthology*, a collection of some of the best true crime writing on serial killers over the year. Several of these authors who appeared in Volume 1 of the Anthology, return this year to Volume 2 with new stories. 2015 *Serial Killers True Crime Anthology Volume 2*: Peter Vronsky in the chilling story "Zebra! The Hunting Humans 'Ninja' Truck Driver Serial Killer" describes the carnage perpetrated in 2007 by Adam Leroy Lane, a long haul truck driving serial killer who after repeatedly watching in his truck cab a serial killer DVD movie he was obsessed with, forayed out in the night from Interstate highway truck-stops dressed in Ninja black to re-enact the movie scenes by killing and mutilating unsuspecting women in their homes until he was captured by a fifteen-year old girl and her parents when he attempted to kill her as she slept in her bedroom. RJ Parker in "Demons" introduces us to the little known

story of Canada's serial killer Michael Wayne McGray who murdered men, women and children indiscriminately and whom even prison could not stop from continuing his killing. In the "Grim Sleeper" Parker describes the brutal crimes of Lonnie Franklin, Jr. who over a 23-year killing career, took a fourteen-year hiatus (thus his nickname) before resuming his murders of women in Los Angeles. Katherine Ramsland in "The Babysitter" brings us up to date on the still unsolved horrific 1976 mutilation child murders in Detroit that inspired Bill Connington's one-man Broadway play and Joyce Carol Oates 1995 novella *Zombie*. In "Really! The Other Guy Did It." Ramsland explores the bizarre case of serial killer Douglas Perry who after killing several women underwent a transsexual change into a woman, Donna Perry, who when apprehended, claimed the murders were perpetrated by his former male self who no longer existed. Ramsland asks, "Is guilt in the body or the soul?" Michael Newton in "Bad Medicine" and "Angel of Death" describes two serial killers where we least expect them: health care workers. Physician Dr. Harold Shipman who murdered 250 victims in Britain and might be history's most prolific serial killer, and the smiling mild mannered Ohio medical orderly 'Angel of Death' Donald Harvey, who confessed to murdering 87 helpless patients, stating, "So I played God." Sylvia Perrini, Britain's true crime chronicler of female serial killers in "The House of Horrors" revisits the notorious case of Rosemary West who teamed up with her husband Fred in the rape, torture and murder of ten young women in their rooming house, including her own daughter. In "The Mum Who Killed for Kicks" Perrini looks at the recent case of Joanne Dennehy, a mother of a thirteen-year old who inexplicably went on a thrill kill serial killing spree in which she tortured and murdered three men with a knife and attempted to kill two others. Kelly Banaski, a newcomer to true crime writing, brings us "Stripped of his medals and female panties", the strange case of a Canadian air force base commander, a colonel who piloted senior government officials and even the Queen of England, who suddenly
