Osmosis through
the Cell
Membrane of an
Egg.

Introduction:
Transport can be
either passive
or active.

Passive

Read Book Egg Osmosis Lab

Answer Key

transport is the movement of substances across the membrane without any input of energy by the cell. Active transport is the movement of materials where a cell is required to expend energy.

Read Book Egg Osmosis Lab

Answer Key
In the case of
this lab the
discussion will
be centered on
passive
transport.
