Most international students need to write essays and
reports for exams and coursework. Yet writing good
academic English is a demanding task. This new edition
of Academic Writing has been fully revised to help
students reach this goal. Clearly organised, the course
explains the writing process from start to finish. Each
stage is demonstrated and practised, from selecting
suitable sources, reading, note-making and planning
through to re-writing and proofreading. The book is

divided into short sections which contain examples, explanations and exercises for use in the classroom or self-study. Cross-references allow easy access to relevant sections, and a full answer key is included. The 3rd edition has been developed in response to suggestions from both students and teachers. Featuring a new website, there is increased coverage of plagiarism, argument, cause and effect, comparison, definitions and academic style. Different forms of writing, including reports and literature reviews, are also covered. All international students wanting to maximise their academic potential will find this easy-to-use, practical book a valuable guide to writing in English for their degree courses. Teaching Academic Literacy provides a unique outlook on a first-year writing program's evolution by bringing together a group of related essays that analyze, from various angles, how theoretical concepts about writing actually operate in real students' writing. Based on the beginning writing program developed at the University of Wisconsin-Madison, a course that asks students to consider what it means to be a literate member of a community, the essays in the collection explore how students become (and what impedes their progress in becoming) authorities in writing situations. Key features of this volume include: * demonstrations of how research into specific teaching problems (e.g., the problem of authority in beginning writers' work) can be conducted by examining student work through a variety

of lenses such as task interpretation, collaboration, and conference, so that instructors can understand what factors influence students, and can then use what they have learned to reshape their teaching practices; * adaptability of theory and research to develop a course that engages basic writers with challenging ideas; * a model of how a large writing program can be administered, particularly in regards to the integration of research and curriculum development; and * integration of literary and composition theories.

Addressing the continuing interest in core liberal arts issues, interdisciplinary themes, multicultural perspectives, and critical thinking, THE MCGRAW-HILL READER provides students with a full range of quality prose works spanning various ages, cultures, and subjects. The finely-tuned editorial apparatus encourages students to respond actively to the essays, to formulate their own critical judgments, and to develop in writing their reactions to and perspectives on the thematic concerns of the selections. The Seventh Edition features thirty-eight new essays that address current issues such as the quality of education, the role of technology, and the impact of media. The text concludes with a new appendix on writing a research paper.

The little book that demystifies academic writing, reading, and research.
