*Foreign Direct Investment Videos | Study.com*

A foreign direct investment (FDI) is an investment in the form of a controlling ownership in a business in one country by an entity based in another country. It is thus distinguished from a foreign portfolio investment by a notion of direct control.. The origin of the investment does not impact the definition, as an FDI: the investment may be made either "inorganically" by buying a company in ...

*Foreign direct investment - Wikipedia*

Foreign direct investment (FDI) is one of the forces fostering closer economic interdependence among countries. The rapid increase in FDI flows has generated considerable debate about its environmental and social implications in host countries. While much of the debate on these issues has been general in nature, this publication deepens the analysis by examining the FDI-environment relationship in a specific sector and identifies emerging best practices.
