In The Actor Speaks, Patsy Rodenburg takes actors and actresses, both professional and beginners, through a complete voice workshop. She touches on every aspect of performance work that involves the voice and sorts through the kinds of vexing problems every performer faces onstage: breath and relaxation; vocal range and power; communication with other actors; singing and acting simultaneously; working on different sized stages and in both large and small auditoriums; approaching the vocal demands of different kinds of scripts. This is the final word on the actor's voice and it's destined to become the classic work on the subject for some time to come.

Patsy Rodenburg reveals that the secret is learning to inhabit "the second circle": the optimal state between the first circle of introversion and self-doubt and the third of aggression and narcissism. She provides exercises to help you break the habits that constrict your real power and to better cope with the negative behaviors and attitudes of those around you. With wisdom and patience, Rodenburg teaches you how to communicate effectively at home, work, school, and—most important—with yourself. The Second Circle will empower you to meet life's most extraordinary trials with brio and to embrace the joys and challenges of every single day.
