Honor Bound How a Cultural Ideal Has Shaped the American Psyche Ryan P. Brown. Features classic and cutting-edge research on the social psychology of honor ideology, showing how honor motivates barroom brawls, intimate partner violence, health and well-being, and public policy; Illustrates the ways honor ideology shapes everyday life ; Relates the science of honor to current issues, such as ...

Savvy criminal turned skilled Leviathan pilot Zara Cole finds new friends and clashes with bitter enemies in the second book of this action-packed series from New York Times bestselling authors Rachel Caine and Ann Aguirre that ' s perfect for fans of The 100 and The Fifth Wave. Zara Cole was a thief back on Earth, but she ' s been recently upgraded to intergalactic fugitive. On the run after a bloody battle in a covert war that she never expected to be fighting, Zara, her co-pilot Beatriz, and their Leviathan ship Nadim barely escaped the carnage with their lives. Now Zara and her crew of Honors need a safe haven, far from the creatures who want to annihilate them. But they ' ll have to settle for the Sliver: a wild, dangerous warren of alien criminals. The secrets of the Sliver may have the power to turn the tide of the war they left behind—but in the wrong direction. Soon Zara will have to make a choice: run from the ultimate evil—or stand and fight.

"Culture of honor" is what social scientists call a society that organizes social life around maintaining and defending reputation. In an honor culture, because reputation is everything, people will go to great lengths to defend their reputations and those of their family members against real and perceived threats and insults. While most human societies throughout history can be described as "honor cultures," the United States is particularly well known for having a deeply rooted culture of honor, especially in the American South and West. In Honor Bound, social psychologist Ryan P. Brown integrates social science research, current events, and personal stories to explore and explain how honor underpins nearly every aspect of our lives, from spontaneous bar fights to organized acts of terrorism, romantic relationships, mental health and well-being, unsportsmanlike conduct in football, the commission of suicide, foreign policy decisions by political leaders, and even how parents name their babies. Sometimes the effects of living in an honor culture are subtle and easily missed—there are fewer nursing homes in the American south, as more parents live with their children as they age—and sometimes the effects are more dramatic, as in the fact that there are more school shootings in honor states, but they are always relevant. By illuminating a surprising and pervasive thread that has endured in our culture for centuries, Brown's narrative will captivate those raised in these types of honor cultures who wish to understand themselves, and those who wish to better understand their neighbors.

The inspiring story of the first female Marine to fly a combat mission in an F/A-18; and the transformative events that led to her bold decision to take on the most powerful man in the US Senate. Amy McGrath grew up in Edgewood, Kentucky, a childhood shaped by love of country, baseball (the Cincinnati Reds), and, from the age of twelve, a fascination with fighter jets. Her devastation at learning that a federal law prohibited women from flying in combat fueled her determination to do just that—and then, to help change the laws to improve the lives of all Americans. McGrath writes of becoming a midshipman in high school at the US Naval Academy, making it through boot camp in the Marines, graduating from Annapolis, Maryland, becoming a Second Lieutenant, and raising her right hand to swear to defend the US Constitution, honor bound. She vividly recounts her experiences flying in the Marines, and her combat deployments to Iran and Kuwait, her work as an Air Combat Tactics instructor—and what it was like to finally fly that fighter jet: high speed, intense, and physically demanding. Here is McGrath, training to do the most intense tactical flying there is (think the Navy's TOPGUN); meeting the man who would become her husband . . . Being promoted to major and then Lt. Colonel . . . marrying, having three children, a career and life in Washington and then moving her family back to Kentucky to begin a whole new chapter in politics . . . her roller coaster congressional campaign (she lost by three percentage points); and making the tough decision to run again, in an even bigger, higher-stakes national campaign, against the five-term leader of the US Senate, Mitch McConnell. A moving, inspiring American story of courage, determination, and large dreams.

A gripping memoir from Amanda Knox ' s Italian ex-boyfriend, Raffaele Sollecito, chronicling his relationship with Amanda and the four years they spent in an Italian prison for a crime they did not commit.

In April of 1972, SEAL Lieutenant Tom Norris risked his life in an unprecedented ground rescue of two American airmen who were shot down behind enemy lines in North Vietnam, a feat for which he would be awarded the Medal of Honor—an award that represents the pinnacle of heroism and courage. Just six months later, Norris was sent on a dangerous special reconnaissance mission that would take his team deep into enemy territory. On that mission, they engaged a vastly superior force. In the running gun battle that ensued, Lieutenant Norris was severely wounded; a bullet entered his left eye and exited the left side of his head. SEAL Petty Officer Mike Thornton, under heavy fire, fought his way back onto a North Vietnamese beach to rescue his officer. This was the first time Tom and Mike had been on a combat mission together. Mike's act of courage and loyalty marks the only time in modern history that the Medal of Honor has been awarded in a combat action where one recipient received the Medal for saving the life of another. By Honor Bound is the story of Tom

Norris and Mike Thornton, two living American heroes who grew up very differently, entered military service and the Navy SEAL teams for vastly different reasons, and were thrown together for a single combat mission--a mission that would define their lives from that day forward.

REVIEWS This story was quick to grab my interest, and I remained enraptured as it unfolded page after page. I thought it was uncommonly well conceived and beautifully constructed. Nick is an outstanding love match for Isabel...In short, I loved this story and look forward to the next book in the series. ~ 5 "cups" from Coffee Time Romance & More I could not put down Honor Bound. Isabel is a strong woman in a time where men ran the world and all those in it...you shouldn't hesitate to read this book. ~ rated A (a keeper) at Once Upon A Chapter reviews DESCRIPTION 7 years ago a woman with too many secrets and a man with too many lies fell in love. Then she left him. Isabel's quiet life as an assistant to one of London's famous apothecaries hides a deadly secret. A secret that could see her put on trial for witchcraft if the authorities uncover the truth. But when the authority figure who turns up at her shop is Sir Nicholas Merritt, she's at risk of losing more than her life. She could lose her heart and soul, and the man she loves. Royal spy Sir Nicholas Merritt can't believe his luck when he stumbles upon Isabel during an investigation. He's been searching for her for seven long years and now he has her again, in his bed and his life. Except she's resisting all the way. Worse still, she's somehow tangled up with a plot to assassinate the queen. To hold onto her this time, he must find out why she left him while hiding a secret of his own that could tear them apart forever. Keywords: historical romance, historical paranormal romance, sexy historical romance, witches

As did his three immensely popular series Brotherhood of War, The Corps and Badge of Honor, W.E.B. Griffin's novel of World War II espionage Honor Bound became an immediate bestseller: "A superior war story" (Library Journal) "whose twists and turns keep readers guessing until the last page" (Publishers Weekly). Now the characters of Honor Bound are back, in an adventure as exciting as anything Griffin has written. It is April 1943, and Marine aviator Cletus Frade, Army demolition's wizard Anthony Pelosi, and communications expert David Ettinger are thrust again into the lethal nest of intrigue that is wartime Buenos Aires. A clandestine German vessel sets sail to resupply submarines in the South Atlantic...as a massive shipment of money earmarked for postwar Reich makes its way to South America...and a coup designed to topple the government reaches critical mass. In the midst of it all, the German-ordered assassination of Cletus Frade's father demands only one response: revenge. Threading their way carefully between Axis and Allied sympathizers, and even between rival OSS and FBI factions, the three solidiers must strive their utmost not only to fulfill their missions--but just to stay alive. And for that, even their utmost may not be enough... Written with all the energy and expertise that Griffin's readers have come to expect, filled with drama and authentic heroes, Blood and Honor is a captivating novel sure to please fans old and new.

" My name is Lucas Greywolf. " A raspy voice, as soft and sandy as the wind that blew across the desert, spoke directly into her ear. It was a gentle sound, but Aislinn wasn't deceived. Like the winds it reminded her of, it could be whipped into a fury. . . Aislinn Andrews knows his name because his escape from prison has prompted a statewide manhunt. As lean and menacing as a panther, the fugitive invades her house, her bed, and then takes her as his hostage. Overnight, Aislinn's safe and predictable life is upended by a man considered criminal and dangerous. However, his greatest threat to Aislinn isn't the knife he wields, but his untame appeal. All his life, Lucas Greywolf has harbored a bitter grudge against Anglos, resenting even that half of his heritage. Years spent in prison for a crime he didn't commit hasn't quelled his fighting spirit, but only fanned it. After escaping, he comes face-to-face with blond, blue-eyed Aislinn Andrews, the epitome of everything he hates. Yet he must have her. Now the war Lucas wages is personal, and his fiercest enemy is his longing for the wrong woman. Two people. Two worlds. One shared moment of incandescent passion...when nothing else mattered. But can that unifying instant withstand everything that divides them, when the largest obstacle they face is the most difficult to overcome? Pride.

The crackling new novel in the bestselling Honor Bound series, by the master of the military thriller. As with his other enormously popular series, the first two novels in W. E. B. Griffin's saga of World War II espionage in Germany and Argentina – Honor Bound and Blood and Honor – became immediate bestsellers and were hailed as "immensely entertaining adventures" (Kirkus Reviews). Now, in Secret Honor, Griffin creates his most rousing novel yet. In Wolf's Lair, a German general works toward the assassination of Adolf Hitler. In Buenos Aires, the general's son, code-named Galahad, falls under suspicion by the SS after a Nazi operation suddenly goes bad. In the middle of it all is OSS agent Cletus Frade, who knows the identity of father and son and what they will do next...if they can survive that long. For not only are SS and Abwehr officers hot on their trails in both countries, but the OSS has branded Frade a rogue agent and is determined to shake the truth from him, at whatever cost. If Frade can't figure a way to hold them all off, then the futures of all three men may be very short indeed.... Written with the special flair that Griffin's readers expect, filled with high drama and real heroes, Secret Honor is further proof, in Tom Clancy's words, that "Griffin is a storyteller in the grand tradition."

Facing daunting challenges in the form of political threats against the OSS and the early stirrings of the Cold War, Cletus Frade and his colleague conduct a secret operation to counter the growing ambitions of Joseph Stalin.
