Metadata Manager  
Interface Metadata  
Guide

Metadata Manager Interface You can work with resources, models, and user permissions in different ways through the Metadata Manager tabs and menus.

Metadata Manager  
Interface - Informatica  
Metadata Manager uses

# Get Free Informatica

the model for the resource type to extract metadata objects from the metadata source.

Navigate the metadata catalog to select an object. You can use the List view to drill-down through individual resources, logical groups, and metadata objects.

Metadata Catalog -
