Questions about Amazon, FBA, arbitrage, or selling online? You can call (yes, CALL) the author, Chris Green (or send a text if that's your thing). Phone number is included in this book. Arbitrage is the practice of taking advantage of a price difference between two or more markets, striking a combination of matching questions that capitalize upon the imbalance, the profit being the difference between the market prices. This is the complete, authoritative, and exhaustive manual outlining the Arbitrage business model. It has been compiled and made available to anyone interested in buying products to be resold online. In this book, Chris Green will give you the keys to the Arbitrage Kingdom with the mindset of unlimited opportunities and abundance and not one of scarcity. Empires are being built by using powerful new programs like ScanPower to source and evaluate items for resale. Pair this with Amazon's amazing fulfillment program called Fulfillment By Amazon (FBA) to outsource the storage, shipping, and customer service of your items, and you have a completely scalable, nearly risk-free business model with a near-zero entry cost. The techniques described in this book can be used by anyone, anywhere to build a small side business or large empire. The only limit is your imagination.

Rather than box it all up and give it away, I have learned several options of how we can profit off of our unused and unwanted things by reading this book. And if I want to I could pursue a way to earn a 2nd income through the author's very detailed and useful suggestions! You never know what treasures you have or can find and he helps you look for them and find them!!! I will never look at my junk the same way!"

New York Times bestselling author and social media expert Gary Vaynerchuk shares hard-won advice on how to connect with customers and beat the competition. A mash-up of the best elements of Crush It! and The Thank You Economy with a fresh spin, Jab, Jab, Jab, Right Hook is a blueprint to social media marketing strategies that really works. When managers and marketers outline their social media strategies, they plan for the "right hook"—their next sale or campaign that's going to knock out the competition. Even companies committed to jabbing—patiently engaging with customers to build the relationships crucial to successful social media campaigns—want to land the punch that will take down their opponent or their customer's resistance in one blow. Right hooks convert traffic to sales and easily show results. Except when they don't. Thanks to massive change and proliferation in social media platforms, the winning combination of jabs and right hooks is different now. Vaynerchuk shows that while communication is still key, context matters more than ever. It's not just about developing high-quality content, but developing high-quality content perfectly adapted to specific social media platforms and mobile devices—content tailor-made for Facebook, Instagram, Pinterest, Twitter, and Tumblr.
