King Arthur's messianic return is an aspect of the legend of King Arthur, the mythical 6th-century British king. Few historical records of Arthur remain, and there are doubts that he ever existed, but he achieved a mythological stature that gave rise to a growing literature about his life and deeds.

will rock the foundations of Christianity as we know it - for the biblical Jesus has at last been found in the historical record. We now know who Jesus was, where he lived, and who his family were. Visit his city, see the ruins of his citadel, gaze upon his statue, handle his coins. In reality, Jesus was a son of King Abgarus V of Edessa, a princeling

with a small realm, a large treasury, and even bigger ambitions. But the wise prince of northern Syria came up against an intractable Rome and his many plans for revolution crumbled to dust. Christianity will never be the same again. The jacket image shows Jesus wearing his Crown of Thorns, the ceremonial crown of the Edessan monarchy. This is a scholarly study of all the available historical evidence, including the Tanakh, Talmud, Josephus Flavius, the Roman historians, and venerable Syriac historians like Moses of Chorene and Yohannes Draxanakertci. This is the final book in a trilogy, and so we

book by Thomas Verenna is now on many web-pages. Please note that Thomas Verenna is not an academic, he is a failed student with a religious axe to grind.

Verenna has admitted that he has not even read this book, and created his poor review from hearsay and rumour. Some of Verenna's many errors include: Verenna

says that Ellis absurdly conflates four kings into one. Yet in reality, the book does not even mention two of the kings that Verenna cites. Verenna says that Ellis does not realize and does mention, the fact that Adiabene and Edessa are two separate locations. Yet in reality, the juxtaposition between Adiabene and Edessa is the central topic of the entire

book. Verenna says that Queen Helena was never the Queen of the Jews. Yet Queen Helena was a Jewess who saved Judaea from famine, furnished the Temple of Jerusalem, and owned the largest palace and tomb in Jerusalem. Was she not, perforce, the defacto Queen of Judaea? Verenna says that King Abgar bar Manu VI could not be the

biblical Jesus, as Ellis claims, because he lived in the wrong era. Yet in reality, Ellis never mentions King Abgar bar Manu VI - not once. As readers can probably see, the so-called review of 'Jesus, King of Edessa' by Thomas Verenna is a travesty, designed to undermine scholarly research into the life of Jesus. The reality is very different, for 'Jesus,

On a quest to locate St. Paul (Saul) in the

This novel identification has exposed new perspectives on the life of Jesus. Ellis asserts that contrary to orthodox perceptions, King Jesus and Queen Mary Magdalene were the richest couple in the Levant, owning a city-

When his father runs afoul of the King' s temper and is executed, Jesus is raised in the house of Joseph the Carpenter.
