The Journal of Pediatric Neurology is an English multidisciplinary peer-reviewed medical journal publishing articles in the fields of child neurology, pediatric neurosurgery, pediatric neuroradiology, pediatric neuro/head & neck imaging, child psychiatry, and pediatric neuroscience.

~~Journal Of Pediatric Neurosurgery~~

In Brief. This study evaluates an obex exploration technique in pediatric patients with Chiari type-I malformation (CM-I). Patients with a syrinx who underwent expansile duraplasty with obex exploration had a significantly greater likelihood of syrinx and symptom resolution compared with bone-only decompression, without a higher risk of CSF-related complications.

Publication of pediatric neurosurgery journals began no more than 50 years ago,

Get Free Journal Of Pediatric Neurosurgery

the readership is small, and consequently the impact factors (IF) of the journals are low: Childs Nervous System (1.24), Pediatric Neurosurgery (0.42), and Journal of Neurosurgery: Pediatrics (1.62). The second reason is that many of the articles that we found in this current study were authored by non-neurosurgeons (e.g., medical oncologists, radiation oncologists, intensivists, or a mixture) and, therefore ...
