Dans Chi Nei Tsang, Maître Mantak Chia et sa femme Maneewan continuent à transmettre au monde occidental l'ancienne sagesse, éprouvée par le temps, du système de soins taoïste. Chi Nei Tsang offre une une approche nouvelle de la guérison, l'explication détaillée des techniques d'autoguérison et des méthodes pour éviter les énergies négatives. Le "Chi Nei Tsang" repose sur des milliers d'années d'expérience et enseigne comment prendre pleinement en charge santé et bien-être. F C'est au centre du nombril qu'émotions négatives, angoisses, tensions et maladies s'accumulent. Lorsque cela se produit, toutes les fonctions vitales stagnent. La plupart des techniques propres aux autres systèmes n'agissent qu'aux extrémités du corps, à distance du nombril et des organes, alors que les techniques du "Chi Nei Tsang" enseignées dans ce livre, peuvent être appliquées au centre abdominal, là où se concentrent les forces de l'énergie universelle, de l'énergie cosmique et de l'énergie terrestre.

The guide to engaging and directing the three primordial forces of Earth, Heaven, and Higher Self to achieve enlightenment and immortality • Explains how to circulate the life force, or chi, by balancing yang (male) and yin (female) currents of bioenergy • Includes an overview of the complete Taoist body/mind/spirit system along with newly refined methods of activating the life force • The sequel to the classic Awaken Healing Energy Through the Tao In 1983, Mantak Chia introduced the “Microcosmic Orbit” to the West. Prior to that time, most of the Eastern energy practices transmitted to the West were incomplete, dealing only with the ascending yang/masculine channel, which shoots life-force energy up the spine. The Microcosmic Orbit showed practitioners how to establish the descending yin/feminine channel of the life-force energy loop. Within Taoist systems, cultivating feminine energy has always been seen as the key to gaining balance and wholeness. Healing Light of the Tao presents the more advanced methods of chi cultivation in the Microcosmic Orbit, offering a full understanding of Taoist spiritual theory through its comprehensive overview of the complete Taoist body/mind/spirit system. The book also includes more advanced meditation methods for absorbing the higher frequencies of Earth Force, Cosmic Force, and Universal Force (Heavenly chi) into the basic orbit. It establishes a spiritual science that not only emphasizes practical benefits to health, sexual vitality, and emotional balance, but also shows how changes made in the energy body can lead to physical rejuvenation that the Taoists called immortality.

Chi Nei Tsang is a Taoist visceral manipulation body-work and massage which emphasizes moving chi energy to the abdominal organs. Developed by Taoist Master Mantak Chia as part of his Healing Tao System, it works on internal dysfunctions and energy blocks using the breathing exercises of chi-kung, therapeutic manipulations, and meditation. Students learn how to recycle negative energy, recognize personal patterns of tension, and use simple manipulations to restore vitality to parts of the body.

Les méthodes présentées ici sont basées sur les informations du précédent livre de Maître Chia : Chi Nei Tsang I : Massage Chi des Organes Internes ; les émotions et les vents accumulés dans la région abdominale et du nombril. Comment chasser ces " Vents " négatifs et les " balayer " pour rétablir une circulation saine de l'énergie vitale ? En comprenant l'origine des " Vents " et les problèmes qui en découlent dans le corps, la santé peut être recouvrée. Ce rétablissement de l'équilibre et de la circulation peut se faire en utilisant les techniques du Chi Nei Tsang II d'une manière appropriée pour chasser et libérer les Vents prisonniers. Chi Nei Tsang II est un art qui s'est développé durant une ère où il y avait très peu de physiciens et où l'auto-guérison était une manière de vivre. Le Chi Nei Tsang II guide plus profondément dans la cage thoracique, l'abdomen et le centre du nombril en enseignant la façon d'utiliser les techniques du coude et des articulations. Dans le centre abdominal ombilical, s'accumulent les émotions, le stress, les tensions, les maladies. Lorsque cela arrive, toutes les fonctions vitales stagnent. La pratique des techniques du Chi Nei Tsang II, à l'intérieur et autour de la zone ombilicale, est la méthode de guérison la plus rapide qui produit les résultats les plus durables. De nombreuses techniques associées à d'autres méthodes ne travaillent que sur les extrémités du corps, loin du nombril et des organes. Les techniques du Chi Nei Tsang II enseignées dans ce livre peuvent être appliquées sur le centre abdominal où sont associées et emmagasinées les forces universelles, cosmiques et terrestres.

Advanced Taoist techniques for detoxifying and rejuvenating the internal organs through the release of negative chi • Works with the navel center, where negative emotions, stress, and illness accumulate • Presents advanced techniques to release negative energy from the body and reestablish a healthy flow of vital energy to internal tissues and organs From the Taoist point of view, good health depends upon the free flow of chi--healthy life-force energy--throughout the body. Taoists refer to healthy chi as good wind. When energy is trapped in the body it stagnates and becomes negative, manifesting in the symptoms of physical or emotional illness. Taoists call this negative energy sick or evil wind. The advanced Chi Nei Tsang practices focus on mastering these winds. They include techniques for developing sensitivity to sick winds, releasing internal energy blockages, and chasing sick winds from the body to reestablish a healthy flow of energy. Negative energies caused by stress, tension, and the effects of past illnesses tend to accumulate in the navel center, so the advanced Chi Nei Tsang techniques use elbow pressure on specific reflex points around the navel to release energy blockages associated with each internal organ. They also work with wind access points found near the standard acupuncture points. These advanced practices build upon the organ detoxification and rejuvenation practices introduced in Chi Nei Tsang, allowing the practitioner to work intensively at an energetic level toward the restoration of optimum health and well-being.
