Students of Japanese are familiar with the term "particle," and realize that they, like English prepositions, require a special effort to master. This handbook provides all the information one would need on these tricky units of grammar. All About Particles covers more than 70 particles those that are used regularly as well as those used less frequently in more than 200 uses. The book can be approached as a guiding textbook and studied from beginning to end. It is as a reference book, however, that All About Particles shines. It is light and easy to carry, slim enough to fit into the corner of a shoulder bag, and concise enough to quickly clarify particle-related questions. It is a priceless tool for any serious student of Japanese. In its previous incarnation as a part of the Power Japanese Series, ISBN 978-0-87011-954-5, and sold more than 40,000 copies worldwide.

Japanese Busy People #2 Workbook is a Kodansha International publication.

Genkoyoushi Notebook - Kanji and Kana Characters Writing Practice Book This stylish traditional notebook style workbook contains 120 pages of kanji paper, also known as genkoyoushi paper. Each large square holds one character and each square is divided into four quadrants to guide the correct positioning of the elements of each character. This notebook is ideal for both adults and children who are learning Japanese and need to practice the written language. Size: 8.5 x 11 in. 120 Pages of Kanji Paper Premium matte finish soft cover Printed on white paper

After fifteen printings, the Learn Japanese: College Text series has been substantially revised. The incorporated revisions grew out of the authors' decade and more of classroom experience. Revisions were also made in accordance with recommendations proposed by instructors who have used the Learn Japanese series. The new edition, which reflects recent trends in language teaching, continues to emphasize an integrated approach in which speaking, hearing, reading, and writing Japanese all contribute to the language learning process. - The most significant improvement is the addition of Culture Notes to help clarify the sociolinguistic context in which the language is used. Since Japanese modes of communication are highly situational, the student of Japanese needs to be made aware of the different contexts in which speakers interact. Culture Notes, used in conjunction with Grammar Notes, Dialogs, and Useful Expressions, show how an understanding of cultural values and human relationships can enhance the student's mastery of language skills. - A new approach to language learning is used throughout the revised edition. The new sociolinguistic approach (which encourages the "generation of discourse") is integrated with the original pattern approach (which encourages the "generation of sentences"). - Many components of the first edition, such as Sentence Patterns, Grammar Notes, and Reviews, have been revised and/or rearranged. The result is a clearer, more natural, and more functional presentation of the Japanese language. The four volumes of Learn Japanese: New College Text were prepared by the Asian Division of the University of Maryland University College and are published by the University of Hawaii Press.

Grammatical terms - Characteristics of Japanese grammar - Basic conjugations - Verbs - Connection forms of important expressions - Numerals and counters - Compound words.

Third edition of Genki's second volume exercise book . This workbook should be used in conjunction with the second volume of the main textbook. It includes exercises from the 11 lessons that correspond to the grammatical contents of the main book. The audios are available in an application for the mobile phone. Contents Conversation and Grammar (Lessons 13-23) - Exercises for grammar items - Questions - Listening comprehension Reading and Writing (Lessons 13-23) - Exercises for replacing hiragana with kanji

Over 50,000 entries provide equivalents for Japanese and English words, idioms, phrases, and common expressions
