English Notes: Modern English Language and Usage ...

As in modern English, the only regular noun inflection was the -s ending of the genitive and plural: irregular plurals were mostly the same as those that have survived into recent English. The use of an apostrophe in the genitive singular was optional in the sixteenth century; it was frequent in the seventeenth, but only became established around 1700.

Grammar in early modern English | Oxford English Dictionary

1926: First irascible version of Fowler's "Dictionary of Modern English Usage" published. Owing to the author's idiosyncrasies and clear-headed prescriptions, it earns a place on every writer's shelf. 1965: An new edition comes out, edited by Sir Ernest Gowers.

Why literally shouldn't be taken literally. Why Americans think home in on something is a mistake and Brits think hone in is. Is it OK to spell OK okay? What's wrong with hence why?

Was Alanis Morissette ever ironic? Fowler's Dictionary of Modern English Usage is the world-famous guide to English usage, loved and used by writers, editors, and anyone who values correct English since it first appeared in 1926. Fowler's gives comprehensive and practical advice on complex points of grammar, syntax, punctuation, style, and word choice. Now enlarged and completely revised to reflect English usage in the 21st century, it provides a crystal-clear, authoritative picture of the English we use, while illuminating scores of usage questions old and new. International in scope, it gives in-depth coverage of both British and American English usage issues, with reference also to the English of Australia, Canada, India, New Zealand, and South Africa. The thousands of authentic examples in the book vividly demonstrate how modern writers tackle debated usage issues. They come on the one hand from established literary figures such as Chinua Achebe, Peter Ackroyd, Raymond Carver, Iris Murdoch, Harold Pinter, and Vikram Seth. On the other, they are drawn from a vast range of newspapers, journals, books, broadcast material, websites, and other digital sources from across the globe, and include references to topical personalities such as Stephen Fry, Prince Harry, Jeremy Paxman, and Wayne Rooney. Based on the evidence and research of the Oxford Dictionaries Programme, this is the most comprehensive and authoritative guide to usage available.

"A dictionary of modern English usage first published 1926"--T.p. verso.

Fowler's Concise Dictionary of Modern English Usage is an invaluable quick-reference work, providing clear, practical and up-to-date guidance on questions of grammar, spelling, style, and word choice. Jeremy Butterfield has judiciously revised the text to reflect the English usage practices and concerns of the 21st century.

Bryan Garner is the most trusted living usage expert of our day, and Garner's Modern English Usage is the preeminent guide to the effective use of the English language. With well over 6,000 entries on English grammar, syntax, word choice, punctuation, capitalization, spelling, and style, this book is adored by professional writers and general readers alike. In this major update to a timeless classic, Bryan Garner has dramatically expanded coverage of international English usage, making the volume for the first time a guide not only to American English usage, but to English usage around the globe. Interest in the English language is greater than ever; English is the lingua franca not only of higher education and academia, but of science, business, computing, aviation, and even - arguably - entertainment. An awareness of global English matters today as never before. To ensure that Bryan Garner's clear, unambiguous advice resonates with English-speakers worldwide, more than 2,000 entries have been revised to account for the nuances of English not only in the United States, but in Australia and New Zealand, the United Kingdom, Canada, and South Africa. Not everything has changed: readers will still find the popular "Garner's Language-Change Index" which registers where each disputed usage in modern English falls on a five-stage continuum from non-acceptability (to the language community as a whole) to acceptability, giving the book a consistent standard throughout. Bryan Garner's tools for scientific accuracy are, however, fully updated: this fourth edition benefits from usage data generated by Google Ngrams, which charts frequencies of any word or short sentence in sources printed after 1800. With thousands of concise entries, longer essays on problematic areas such as subject-verb agreement and danglers, and meticulous citations of the New York Times, Newsweek, and other leading journalistic sources, this fourth edition of Garner's Modern English Usage provides priceless reference information to anyone hoping to improve as a writer - worldwide.

guide to precise phrases, grammar, and pronunciation can be key; it can even be admired. But beloved? Yet from its first appearance in 1926, Fowler's was just that. Henry Watson Fowler initially aimed his Dictionary of Modern English Usage, as he wrote to his publishers in 1911, at "the half-educated Englishman of literary proclivities who wants to know Can I say so-&-so?" He was of course obsessed with, in Swift's phrase, "proper words in their proper places." But having been a schoolmaster, Fowler knew that liberal doses of style, wit, and caprice would keep his manual off the shelf and in writers' hands. He also felt that description must accompany prescription, and that advocating pedantic "superstitions" and "fetishes" would be to no one's advantage. Adepts will have their favorite inconsequential entries--from burgle to brood, truffle to turgid. Would that we could quote them all, but we can't resist a couple.

A guide to proper American English word usage, grammar, pronunciation, and style features examples of good and bad usage from the media.

This invaluable reference work offers the best and most sought-after advice on English grammar based on Henry Fowler's original, which is still a classic text after nearly 80 years. Updated with the use of Oxford's unique language databases, it comprises over 4,200 entries giving clear recommendations on grammar, pronunciation, spelling, confusable words, and writing style. DT Advice on how to avoid common pitfalls in English usage, such as the split infinitive, infer or imply, who or whom DT Broad coverage of British and American English, including examples from all over the English-speaking world DT Wide-ranging illustrative quotations from well-known authors, such as Julian Barnes and A. S. Byatt, and international newspapers and journals

Par son étude détaillée des difficultés - en particulier celles traitées trop sommairement ailleurs - cet ouvrage offre un complément utile aux grammaires traditionnelles. Parmi ses caractéristiques, citons : - une comparaison de chaque élément étudié avec toutes les alternatives possibles; - de nombreux exemples commentés et souvent traduits; - une indication systématique de la fréquence et du registre (formel, informel) des formes proposées; - une étude des divergences entre l'anglais et le français (un index spécial en facilite l'accès); - outre la partie "structurelle", purement grammaticale, une part de l'ouvrage traite en profondeur des principales fonctions langagières.
