My life in the IRA. During those rather tenebrous days of the 70s, you could go to a cocktail party and discuss Genesis, Pink Floyd, and Yes, and there would be no smirk, the conversation would not linger on the superfluity of notes, the brazen ostentatious lyrics, instead the conversation would be serious, almost academic, maybe too academic ...

Former IRA Director of Operations Mick Ryan's memoir of growing up in Dublin's East Wall in the 1940s and 1950s and his subsequent involvement in the border campaign. My Life in the IRA is a story of suffering, hardship, frustration and constant disappointment that will leave readers wondering why anyone would become involved in such a patently hopeless cause and, even more so, why these volunteers persisted when defeat loomed from an early stage. Mick and his comrades regarded the objectives of 1916 not as pious aspirations but as a bequest from previous generations of revolutionaries that provided them with the opportunity to give meaning to their own lives. Mick had a 'deep sense of regret' that he had not been born early enough to participate in the Easter Rising and the subsequent struggle for independence. For him and his comrades to give up would have been a form of self-betrayal akin to the loss of a vocation among his more religiously inclined contemporaries.

Once in a great while there appears a baseball player who transcends the game and earns universal admiration from his fellow players, from fans, and from the American people. Such a man was Hank Greenberg, whose dynamic life and legendary career are among baseball's most inspiring stories. The Story of My Life tells the story of this extraordinary man in his own words, describing his childhood as the son of Eastern European immigrants in New York; his spectacular baseball career as one of the greatest home-run hitters of all time and later as a manager and owner; his heroic service in World War II; and his courageous struggle with cancer. Tall, handsome, and uncommonly good-natured, Greenberg was a secular Jew who, during a time of widespread religious bigotry in America, stood up for his beliefs. Throughout a lifetime of anti-Semitic abuse he maintained his dignity, becoming in the process a hero for Jews throughout America and the first Jewish ballplayer elected to the Baseball Hall of Fame.

"I am a British soldier." I told my reflection. "I am a British soldier and I'm saving lives. I'm saving lives. I'm a British soldier and I'm saving lives..." Kevin Fulton was one of the British Army's most successful intelligence agents. Having been recruited to infiltrate the Provisional IRA at the height of The Troubles, he rose its ranks to an unprecedented level. Living and working undercover, he had no option other than to take part in heinous criminal activities, including the production of bombs which he knew would later kill. So highly was he valued by IRA leaders that he was promoted to serve in its infamous internal police - ironically, his job was now to root out and kill informers. Until one day in 1994, when it all went wrong. . . Fleeing Northern Ireland, Kevin was abandoned by the security services he had served so courageously and left to live as a fugitive. The life of a double agent requires constant vigilance, for danger is always just a heartbeat away. For a double agent within the highest ranks of the IRA, that danger was doubled. In this remarkable account, Kevin Fulton - former intelligence agent, ex-member of the IRA - tells a truth that is as uncomfortable as it is gripping.

'I was born in a united Ireland. I want to die in a united Ireland.' Born in Belfast in 1920, Joe Cahill has been an IRA man motivated by this ambition all his life. IRA activists rarely speak about their lives or their organisation, but here Cahill gives his full and frank story, his viewpoint, his experiences -- from Northern Irish prison cells of the 1940s, on a death sentence, to Washington when the Good Friday Agreement was being negotiated. He tells of the visit he made to Colonel Gaddafi to arrange for arms and ammunition, and the fateful voyage of the Claudia; Bloody Sunday and the burning of the British Embassy in Dublin; the high-drama helicopter escape of IRA prisoners from Portlaoise Jail. This is the story of an extraordinary journey, Cahill's own life mirroring the growth, changes and development of the republican movement as a whole through more than sixty years of intense involvement.

BRADLEY SPEAKS OUT FOR THE FIRST TIME – WITHOUT PERMISSION FROM THE IRA The IRA was Gerry Bradley’s life. His sole interest was in ‘ops’ – carrying out on-the-ground war. Inspired, initially, to defend his home place against Loyalist threats, he became one of the most senior operators in Belfast IRA. When things turned political, there seemed to be no place for his kind of activism. THE INSIDE STORY BY A SENIOR IRA MAN

Early one morning in March 1985, as he climbed the six steps of Margaret Thatcher’s prime-ministerial jet on the runway of RAF Aldergrove, little did Willie Carlin know the role Freddie Scappaticci played in saving his life. So began the dramatic extraction of Margaret Thatcher’s key undercover agent in Sinn Féin – Willie Carlin, aka Agent 3007. For 11 years the former British soldier worked alongside former IRA commander Martin McGuinness in the republican movement’s political wing in Derry. He was MI5’s man at McGuinness’s side and gave the British State unprecedented insight into the IRA leader’s strategic thinking. Carlin worked with McGuinness to develop Sinn Féin’s election strategy after the 1981 hunger strike, and the MI5 and later FRU agent’s reports on McGuinness, Adams and other republicans were read by the British Cabinet, including Margaret Thatcher herself. When Carlin’s cover was blown in mid-1985 thanks to one of his old MI5 handlers being jailed as a Soviet spy, Thatcher authorised the use of her jet to whisk him to safety. Incredibly, it was another British ‘super spy’ inside the IRA’s secretive counter-intelligence unit, the ‘nuttin’ squad’, who saved Carlin’s life. The Derry man is perhaps the only person alive thanks to the information provided by the ‘jewel in the crown’ of British military intelligence – Freddie Scappaticci, aka Stakeknife. In Thatcher’s Spy, the Cold War meets Northern Ireland’s Dirty War in the remarkable real-life story of a deep under-cover British intelligence agent, a man now doomed forever to look over his shoulder. . .

A portrayal of the Irish Republican Army includes coverage of its associations with Qaddafi's regime, Margaret Thatcher's secret diplomacy with Gerry Adams, the Catholic church's negotiations with Republican leadership, and undisclosed activities by the Clinton administration.
