However, Love was nowhere to be found. Madness searched behind every tree, under each stream on the planet, at the top of every mountain ...And just as she was about to give up, she saw a rosebush and some roses. She grabbed a stick and started moving around the branches. When suddenly, a shout full of pain was heard: the thorns had harmed Love's eyes.

In the book *Journal of a Solitude*, the poet May Sarton once wrote that "Loneliness is the poverty of self; solitude is richness of self." Poetry's relationship to solitude is paradoxical: while many poets savor the isolation needed to write their best work, the finished product will ideally create connection, or even community.

A love poem will not always be long and flowery. Sometimes what you need to say can be very short. In fact it may be the fact that the poem is short that makes it special. Its short length may show that you put the time and effort in to make every word count. You considered carefully every word choice.

This stunning bilingual collection contains poems of passion, longing, and wonder by some of the greatest poets ever to write in the Spanish language, including Pablo Neruda, Josefina de la Torre, Gaston Baquero, Luis Cernuda, Jorge Carrera Andrade, Mario Benedetti, Angela Figuera Ayamerich, Jose Maria Zonta, and many others. The poems bristle with images of extraordinary power and invention, captured perfectly with the lush darkness and verbal acceleration at the center of the Spanish literary tradition. Carlos Reyes has published seven collections of poems, most recently Pomegranate, Sister of the Heart, and six collections of translations from the Spanish, including the four-volume complete works of Jorge Carrera Andrade and Poemas de la Isla by Josefina de la Torre. He lives in Portland, Oregon, but travels frequently to Ireland, Ecuador, and Spain.

"There is always a little madness in love. But, there is always a little reason in madness." - F.W. Nietzsche

One of the most recognizable poets of the last century, Charles Bukowski is simultaneously a common man and an icon of urban depravity. He uses strong, blunt language to describe life as he lives it, and through it all charts the mutations of morality in modern America. *Sifting Through the Madness for the Word, the Line, the Way* is a treasure trove of confessional poetry written towards the end of Bukowski's life. With the overhang of failing health and waning fame, he reflects on his travels, his gambling and drinking, working, not working, sex and love, eating, cats, and more. *Sifting Through* is Bukowski at his most meditative - published posthumously, it's completely non-performative, and gets to the heart of Bukowski's lifelong pursuit of natural language and raw honesty. We recommend you read this as Bukowski wrote: by sifting through the madness for what hits you as the word, the line, the way.
