Prepare for management success with this engaging survey of modern management practice. UNDERSTANDING MANAGEMENT, 10E, seamlessly integrates classic management principles with today's latest management ideas to create a current market-leading text that you will find captivating. Acclaimed authors Richard Daft and Dorothy Marcic cover management and entrepreneurial issues within small to midsize companies, where you are most likely to begin your career, as well as within larger global enterprises. You'll gain valuable insights into real contemporary business as you examine today's best management practices. This text helps you establish and build on practical skills with engaging examples and numerous skill-building and application exercises in every chapter. Using a streamlined format, this edition takes a close look at how change demands innovation and

how innovation requires forward-thinking, flexible leaders and organizations. UNDERSTANDING MANAGEMENT, 10E, provides everything you need to become a successful manager who seizes business opportunities and leads change. MANAGEMENT, 12E includes several innovative pedagogical features to help students understand their management capabilities and learn what it's like to manage in an organization today. Each of the 19 chapters begins with an opening questionnaire that engages the reader's interest, directly connects to the topic of the chapter, and enables students to see how they respond to situations and challenges that real-life managers typically face. A New Manager Self-Test in each chapter provides students with further insight into how they would function in the real world of management. The Remember This bullet-point summaries at the end of each major chapter section give students a snapshot of the key points and concepts covered in that section. The end-of-chapter questions have been carefully revised to encourage critical thinking and application of chapter concepts, and Small Group Breakout exercises give students the opportunity to apply concepts while building teamwork skills. Ethical dilemmas, all-new end-of-chapter cases, and a fully updated set of On the Job video cases help students sharpen their diagnostic skills for management problem solving. The chapter sequence in MANAGEMENT is organized around the management functions of planning, organizing, leading, and controlling. These four functions effectively encompass management research and the characteristics of the manager's job. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
