zoomed by, and now a woman in front of the hotel is waving at something. What could it be? Men are clankity-clanking up the street pulling bins -- what must be rumbling up behind? And what could those schoolkids be watching for at the end of the day? If the vehicle is on wheels, it's likely to show up in this lively picture book inviting children to join in at every page turn.

When I started my studies and learned about the goddess, my daughter always wanted to hear the stories about the goddesses over and over, and so Sally came alive. Sally is a girl of ten with a strong character. She always wants things to happen her way and never considers how other people feel. She has her own friends, who are her fairies, and for that reason, she doesn't have a lot of friends at school because other children find her strange with those fairy tales. And then there is also her bossy way of being. So she has to learn still a lot from life. But these lessons she will not learn at school or at home but at her secret isle, where she will receive the help of some lovely friends. She travels to this isle during the night on a moonbeam, and when she arrives there, some friends are waiting for her. These friends are her companions and guides on the isle a big gray cat known by the name Bulby and a flower fairy, Germaine. The three of them will have a lot of adventures together. During one year, Sally will travel there and will meet nine goddesses and will learn more about the nature of all that happens during a year, and most important of all, she will learn some very important lessons of life, about friendship, respect, and even love. During this year, she will celebrate different feasts, with dwarfs, gnomes, pixies, and fairies. She will fly on a dragon, dance around a fire, and dive into the ocean with dolphins and seals. But most important of all, she will have a great time.

The definitive biography of Sally Ride, America's first woman in space, with exclusive insights from Ride's family and partner, by the ABC reporter who covered NASA during its transformation from a test-pilot boys' club to a more inclusive elite. Sally Ride made history as the first American woman in space. A member of the first astronaut class to include women, she broke through a quarter-century of white male fighter jocks when NASA chose her for the seventh shuttle mission, cracking the celestial ceiling and inspiring several generations of women. After a second flight, Ride served on the panels investigating the Challenger explosion and the Columbia disintegration that killed all aboard. In both instances she faulted NASA's rush to meet mission deadlines and its organizational failures. She cofounded a company promoting science and education for children, especially girls. Sherr also writes about Ride's scrupulously guarded personal life—she kept her sexual orientation private—with exclusive access to Ride's partner, her former husband, her family, and countless friends and colleagues. Sherr draws from Ride's diaries, files, and letters. This is a rich biography of a fascinating woman whose life intersected with revolutionary social and scientific changes in America. Sherr's revealing portrait is warm and admiring but unsparing. It makes this extraordinarily talented and bold woman, an inspiration to millions, come alive.

One day, Richard LeMieux had a happy marriage, a palatial home, and took \$40,000 Greek vacations.

The next, he was living out of a van with only his dog, Willow, for company. This astonishingly frank memoir tells the story of one man's resilience in the face of economic disaster. Penniless, a failed suicide, estranged from his family, and living "the vehicular lifestyle" in Washington state, LeMieux chronicles his journey from the Salvation Army kitchens to his days with "C" a philosopher in a homeless man's clothing to his run-ins with Pastor Bob and other characters he meets on the streets. Along the way, he finds time to haunt public libraries and discover his desire to write. LeMieux's quiet determination and his almost pious willingness to live with his situation are only a part of this politically and socially charged memoir. The real story of an all-too-common American condition, this is a heartfelt and stirring read.

A fascinating, well-researched account of Mildred Gillars, the failed actress who turned on her country and became a Nazi propagandist during WWII (Publishers Weekly). One of the most notorious Americans of the twentieth century was a failed Broadway actress turned radio announcer named Mildred Gillars (1900-1988), better known to American GIs as "Axis Sally." Despite the richness of her life story, there has never been a full-length biography of the ambitious, star-struck Ohio girl who evolved into a reviled disseminator of Nazi propaganda. At the outbreak of war in September 1939, Gillars had been living in Germany for five years. Hoping to marry, she chose to remain in the Nazi-run state even as the last Americans departed for home. In 1940, she was hired by the German overseas radio, where she evolved from a simple disc jockey and announcer to a master propagandist. Under the tutelage of her married lover, Max Otto Koischwitz, Gillars became the personification of Nazi propaganda to the American GI. Spicing her broadcasts with music, Gillars used her soothing voice to taunt Allied troops about the supposed infidelities of their wives and girlfriends back home, as well as

the horrible deaths they were likely to meet on the battlefield. Supported by German military intelligence, she was able to convey personal greetings to individual US units, creating an eerie foreboding among troops who realized the Germans knew who and where they were. After broadcasting for Berlin up to the very end of the war, Gillars tried but failed to pose as a refugee, and was captured by US authorities. Her 1949 trial for treason captured the attention and raw emotion of a nation fresh from the horrors of the Second World War. Gillars's twelve-year imprisonment and life on parole, including a stay in a convent, is a remarkable story of a woman who attempts to rebuild her life in the country she betrayed.
