National Campus Compact Brown University. Service-learning is a reflective, relational, pedagogy that combines community or public service with structured opportunities for learning. Service-learning is premised on experiential education as the foundation for intellectual, moral, and civic growth. This focus on the synergy of the intellectual, moral, and civic dimensions of learning distinguishes service-learning from other forms of experiential education.

Service-Learning in Higher Education - CORE

The response to this challenge is to emphasize the "learning" part of "service learning" that is, that service learning, as noted above, provides opportunities to learn and practice academic skills in writing, speaking, social studies, visual arts, communication, teamwork, critical thinking, decision-making and—depending on the nature of the service project—mathematics, health, science and technology. Depending on the program design, for example, preparing for a project requires ...
