The fifteen tantalizing, thrilling, and ingenious tales in Steam-Powered put a new spin on steampunk by putting women where they belong -- in the captain's chair, the laboratory, and one another's arms. Here you'll meet inventors, diamond thieves, lonely pawn brokers, clockwork empresses, brilliant asylum inmates, and privateers in the service of San Francisco's eccentric empire. Though they hail from across the globe and universes far away, each character is driven to follow her own path to independence and to romance. The women of Steam-Powered
