fast, practical introduction to what ICS can do for your business and then shows how ICS allows you to develop integrations not only quickly but in a way that means they are maintainable and extensible. Gradually it moves into more advanced integrations, showing how to achieve sophisticated results with ICS and work with external applications. Finally the book shows you how to monitor cloud apps and go beyond ICS to build even more powerful integrated applications. By the end of the book, you will have the knowledge on how to use ICS to solve your own integration needs and

Business is about relationships. What's the secret to success? Like many talented business owners, Jack Green thought it was long hours, do-it-yourself dedication, and cut-throat competition. But he learns how wrong he was when time begins running out for his struggling business. In the middle of a sleepless night, Jack is given a chance to change things when a mysterious visitor appears from the past, promising to deliver nine keys that will salvage Jack's future--the keys to the city of influence. Jack then is thrust into an adventure
