A Pulitzer Prize-winning journalist follows Lynne Sposito's investigation into the murders of her parents, Circuit Court judge Vincent Sherry and mayoral candidate Margaret Sherry, an endeavor that brought her face-to-face with the Dixie Mafia. Reissue.

NOW UPDATED WITH EXPLOSIVE COURTROOM DETAILS. . . . The riveting true-crime account of the heartbreaking murder that shook a Southern city to its corrupt foundation BILOXI, MISSISSIPPI: After the fatal shooting of one of the city ' s most prominent couples—Vincent Sherry was a circuit court judge; his wife, Margaret, was running for mayor—their grief-stricken daughter came home to uncover the truth behind the crime that shocked a community and to follow leads that police seemed unable or unwilling to pursue. What Lynne Sposito soon discovered were bizarre connections to the Dixie Mafia, a predatory band of criminals who ran The Strip, Biloxi ' s beachfront hub of sex, drugs, and sleaze. Armed with a savvy private eye—and a .357 Magnum—Lynne bravely entered a teeming underworld of merciless killers, ruthless con men, and venal politicians in order to bring her parents ' assassins to justice.

When Lucinda is molested by her uncle, a charismatic small-town pastor in the Oklahoma Bible Belt, her parents react to her accusation with abuse, not support. One town over, sixteen-year-old Mary emerges from a coma to cruel gossip and unorthodox desires. Further

north in Alberta, Canada, a trio of Mormon boys unfairly judge nine-year-old Damien due to his parents' divorce; they nearly stone him to death in a self-righteous kangaroo court. Lucinda's cunning uncle, Pastor Bill, is connected to all three youths as he navigates his own relationship with religion, power, and morality. Lucinda, Mary, and Damien don't know each other, but they have something in common: their trauma has allowed them to see and touch the Doors of the Veil, triggering supernatural insight and abilities. But even with their newfound powers, these young people are up against potent societal forces and a relentless religious agency seeking to silence them at all costs. In a world where patriarchy and the church's authority are embedded in every aspect of life, will Lucinda, Mary, and Damien emerge triumphant . . . or fall victim to religious zealots? The first in the Doors of the Veil series, *A New Life* takes aim at the hypocrisy of society and its religious institutions. Journey through a world of lies, deception, and betrayal as three young people struggle to shed the victim role and cast off societies expectations and judgment.

Sherry "Sheri" Bahm's psychic journal illustrates the growing relationship between the gifted domestic engineer and the spirits of murder victims while rearing two young sons in today's society. Circuit Court Judge Vincent and politically active Margaret Sherry were two of the contract murder victims that returned in spirit form giving pertinent information regarding their cases. One of the many names that the spirit of Mrs. Sherry revealed to the gifted person was her husband's best friend and law partner, Pete Halat, who was convicted in 1997 as one of the guilty conspirators. This manuscript contains copies of the 1991 and 1996 Federal Indictments, U.S. District Judge Charles W. Pickering's bench opinions before the

sentencing of the defendants after the convictions in the 1997 Sherry Conspiracy Murder trial, the briefs of the United States of Appeals for the Fifth Circuit Court versus Sheri LaRa Sharpe and the United States Supreme Court versus Pete Halat. Over the years, Judge Vincent and Margaret Sherry's cases were featured on programs such as "Inside Edition," ABC "Prime Time," cable-stations: "Discovery" --- "The FBI Files," and "A&E" --- "City Confidential Deadly Odds in Biloxi," and the most recent which aired in April 2003, on "Lifetime" --- "Final Justice."

Jessie lives with her family in the frontier village of Clifton, Indiana, in 1840...or so she believes. When diphtheria strikes the village and the children of Clifton start dying, Jessie's mother reveals a shocking secret -- it's actually 1996, and they are living in a reconstructed village that serves as a tourist site. In the world outside, medicine exists that can cure the dread disease, and Jessie's mother is sending her on a dangerous mission to bring back help. But beyond the walls of Clifton, Jessie discovers a world even more alien and threatening than she could have imagined, and soon she finds her own life in jeopardy. Can she get help before the children of Clifton, and Jessie herself, run out of time?

The incredible true story of how a cycle of rain, cold, disease, and warfare created the worst famine in European history—years before the Black Death, from the author of Justinian's Flea and the forthcoming Miracle Cure In May 1315, it started to rain. For the seven disastrous years that followed, Europeans would be visited by a series of curses unseen since the third book of Exodus: floods, ice, failures of crops and cattle, and epidemics not just of disease, but

of pike, sword, and spear. All told, six million lives—one-eighth of Europe ' s total population—would be lost. With a category-defying knowledge of science and history, William Rosen tells the stunning story of the oft-overlooked Great Famine with wit and drama and demonstrates what it all means for today ' s discussions of climate change.

Maureen Sherry ' s funny insider novel about a female Wall Street executive also trying to be a mother and a wife is a “ compulsively readable...cheeky—and at times, romantic—battle-cry for any woman who ' s ever strived to have it all and been told by a man that she couldn ' t ” (Entertainment Weekly). It ' s 2008 and Isabelle, a thirty-something Wall Street executive, appears to have it all: the sprawling Upper West Side apartment; three healthy children; a handsome husband; and a job as managing director at a large investment bank. But her reality is something else. Her work environment resembles a frat party, her husband feels employment is beneath him, and the bulk of childcare logistics still fall in Belle ' s already crowded lap. Enter Henry, the former college fiancé she never quite got over; now a hedge fund mogul. He becomes her largest client, and Belle gets to see the life she might have had with him. While Henry campaigns to win Belle back, the sexually harassed women in her office take action to improve their working conditions, and recruit a wary Belle into a secret “ glass ceiling club ” whose goal is to mellow the cowboy banking culture and get equal pay for their work. All along, Belle can sense the financial markets heading toward
