1916-18. The breadth and variety of his activities and associations, and his ability to describe them vividly in writing, earned him international fame as Lawrence of Arabia.

Throughout his life, Lawrence was a prolific writer. A large portion of his output was epistolary; he often sent several letters a day. *Seven Pillars of Wisdom* is an account of his war experiences. In 1919 he had been elected to a seven-year research fellowship at Oxford, providing him with support while he worked on the book. In addition to being a memoir of his experiences during the war, certain parts also serve as essays on military strategy, Arabian culture and geography, and other topics. Lawrence re-wrote *Seven Pillars of Wisdom* three times; once "blind" after he lost the manuscript while changing trains at Reading railway station. *The Mint* is a memoir of his experiences as an enlisted man in the Royal Air Force (RAF). It concerns the period following the First

World War when Lawrence decided to disappear from public view. He enlisted in RAF under an assumed name, becoming 352087 Aircraftman Ross. The book is a closely observed autobiographical account of his experiences. He worked from a notebook that he kept while enlisted, writing of the daily lives of enlisted men and his desire to be a part of something larger than himself: the Royal Air Force. Lawrence first put together the collection of his poems in 1928. They are arranged chronologically "to make up a biography of an emotional and inner life".

You could describe D.H. Lawrence as the great multi-instrumentalist among the great writers of the twentieth century. He was a brilliant, endlessly controversial novelist who transformed, for better and for worse, the way we write about sex and emotions; he was a wonderful poet; he was an essayist of burning curiosity, expansive lyricism, odd humor, and radical intelligence, equaled, perhaps, only by Virginia Woolf. Here Geoff Dyer, one of the finest essayists of our day, draws on the whole range of Lawrence ' s published essays to reintroduce him to a new generation of readers for whom the essay has become an important genre. We get Lawrence the book reviewer, writing about Death in Venice and welcoming Ernest Hemingway; Lawrence the travel writer, in Mexico and New Mexico and Italy; Lawrence the memoirist, depicting his strange sometime-friend Maurice Magnus; Lawrence the restless

inquirer into the possibilities of the novel, writing about the novel and morality and addressing the question of why the novel matters; and, finally, the Lawrence who meditates on birdsong or the death of a porcupine in the Rocky Mountains. Dyer ' s selection of Lawrence ' s essays is a wonderful introduction to a fundamental, dazzling writer.

This collection includes all the poems from the incomplete "Collected Poems" of 1929 and from the separate smaller volumes issued during Lawrence's lifetime; uncollected poems; an appendix of juvenilia and another containing variants and early drafts; and all Lawrence's critical introductions to his poems. It also includes
