Dead Tossed Waves is a great example where the sequel outshines the first installment... by far! I had no intention of reading this book as The Forrest of Hands and Teeth was a disappointment for me at least. But after reading continuous rave reviews and trusting my fellow avid readers that this book was a hit, I gave it a try and it was well worth it IMHO. I really enjoyed this story so much ...

The real problem with The Dead-Tossed Waves is the narrator - Gabry - and her Stephanie Myer-esque unfulfilled longing for every male she meets. She's selfish and whiney and seems to change her mind between two particular boys literally from one page to the next; make your mind up love!

When The Dead-Tossed Waves centered on Gabry and friends race to elude the undead and the Recruiters, I enjoyed this book. As long as Gabry was reacting to all of the near-death situations she is constantly confronted with, I thought this was a tense, exciting read.

When the zombie apocalypse hits and the dead begin to rise, Jonah and his friends are on a class field trip downtown. Panicked, they make a split-second decision to seek shelter in the Overlook, an apartment complex built like a fortress on the edge of town. But as they begin to face the realities of what it will take to survive, they realize that while making the decision of where to run was easy, living out the consequences of that decision may be impossible. From Carrie Ryan, the New York Times bestselling author of the Forest of Hands and Teeth books, What Once We Feared is an original digital short story about facing a world that is forever changed and in which survival means more than merely escaping the undead.
