their parents and adults. For example, if an adult wants to try alcohol, he will confide the most in the person of his/her same age group.

## ~~Concept and Examples of Peer Group And its role, Cliques...~~

Peers are people who are part of the same social group, so the term "peer pressure" means the influence that peers can have on each other.

Although peer pressure does not necessarily have to be negative, the term "pressure" implies that the process influences people to do things that may be resistant to, or might not otherwise choose to do.
