Language Ideologies, Multilingual Approaches. The “ Multilingual Turn ” is a term used to critique the monolingual ideologies originating in the nation-state that have dominated research in Applied Linguistics and Second Language Acquisition in the U.S. Although multilingual ideologies of language have long existed in highly multilingual contexts, they

Recent debates over the notion of the multilingual turn in applied linguistics in general and Second Language Acquisition (SLA) in particular clearly reflect the robustness of the notion in the fields. Yet, what is often ignored in the debate is the fact the notion itself is by nature problematic, and, as a consequence, the discussion of its ...

A multilingual (or multi-language) website is a site that offers translated content in more than one language. For instance, English, Spanish, Ukrainian, and Chinese. The content and information (posts, site menu, etc) shown in different languages may be the same, but may also be customized for different audiences.
