\*The Rules of the  
Game\* is a strange film.  
On the one hand, its  
appeal is limited: it's a  
movie made for its  
specific time and place,  
and its universality has  
been grossly overstated.

"The Rules of the Game" is no less virtuoso, and perhaps inspired Welles. Renoir allows characters to come and go in the foreground, middle distance and background, sometimes disappearing in the distance and reappearing in closeup.
