Amy Goodman and her colleague Denis Moynihan began writing a weekly column, 'Breaking the Sound Barrier,' for King Features Syndicate in 2006. Following the success of Goodman's book of the same name, The Silenced Majority gives voice to the many ordinary people standing up to corporate and government power - and refusing to be silent.This fascinating collection pulls back the veil of corporate media reporting to dig deep into political issues facing readers today.

The New York Times—bestselling collection of essays on the power of ordinary people to effect lasting change—from the host and cofounder of Democracy Now! Amy Goodman and Denis Moynihan began writing a weekly column, " Breaking the Sound Barrier, " for King Features Syndicate in 2006. This timely new sequel to Goodman 's New York Times bestseller of the same name gives voice to the many ordinary people standing up to corporate and government power—and refusing to be silent. The Silenced Majority pulls back the veil of corporate media reporting to dig deep into the politics of " climate apartheid," the implications of the Fukushima nuclear disaster, the movement to halt the execution of Troy Anthony Davis, and the globalization of dissent " from Tahrir Square to Liberty Plaza. " Throughout, Goodman and Moynihan show the work of ordinary people to change their media—and change the world. Praise for Amy Goodman " Amy Goodman has taken investigative journalism to new heights. " —Noam Chomsky, leading public intellectual and author of Hopes and Prospects " Amy Goodman is not afraid to speak truth to power. She does it every day. " —Susan Sarandon, activist and actress " Crusading journalism at its best. " —Arianna Huffington, founder of The Huffington Post " A towering progressive freedom fighter in the media and the world. " —Cornel West, author of Race Matters " What journalism should be: beholden to the interests of people, not power and profit. " —Arundhati Roy, author of The End of Imagination

'Day, director of Democrats for Life, offers the proposition that right-to-life issues are not the exclusive domain of the Republican Party, and that only through bipartisanship will we be able to protect the unborn' --Provided by publisher.

"In May 1970, four days after Kent State, construction workers chased students through downtown Manhattan, beating scores of protesters bloody. As hardhats clashed with hippies, it soon became clear that something larger was underway- Democrats were at war with themselves. In The Hardhat Riot, David Paul Kuhn tells the fateful story of when the white working class first turned against liberalism, when Richard Nixon seized up to corporate and government power—and refusing to be silent. The Silenced Majority pulls back the veil of corporate media reporting to dig deep into the politics of " climate apartheid," the implications of the Fukushima nuclear disaster, the movement to halt the execution of Troy Anthony Davis, and the globalization of dissent " rooted in meticulous research, including thousands of pages of never-before-seen records- we go back to a harrowing day that explains the politics of today. We experience an emerging class conflict between two newly polarized Americas,m and how it all boiled over on one brutal day, when the Democratic Part's future was bludgeoned by its past."-

A celebration of the revolutionary change Amy and David Goodman have witnessed during the two decades of their acclaimed television and radio news program Democracy Now!—and how small individual acts from progressive heroes have produced lasting results. In 1996 Amy Goodman began hosting a show called Democracy Now! to focus on the issues and movements that are too often ignored by the corporate media. Today it is the largest public media collaboration in the US. This important book looks back over the past twenty years of Democracy Now! and the powerful movements and charismatic leaders who are re-shaping our world. Goodman takes us along as she goes to where the show silence is, bringing out voices from the streets of Ferguson to Staten Island, Wall Street, and South Carolina to East Timor—and other places where people are rising up to demand justice. Giving voice to those who have been forgotten, forsaken, and beaten down by the powerful, Democracy Now! pays tribute to those progressive heroes—the whistleblowers, the organizers, the protestors—who have brought about remarkable, often invisible change over the last couple of decades in seismic ways. This is " an impassioned book aiming to fuel informed participation, outrage, and dissent " (Kirkus Reviews).

GOP 2.0 is both a book and a movement that unites people around a common view of civility and freedom. GOP 2.0 puts policy over politics. It aspires to make Americans great. It 's about Geoff Duncan 's " P.E.T. Project, " reviving the party with conservative Policies, genuine Empathy, and a respectful Tone. " I 'm not the only conservative in America who wakes up wishing the past months were just a bad dream. I 'm not the lone Republican who feels in my gut that our party is following the wrong path. And I 'm not alone in believing there 's a better way forward. " As Lt. Governor of the State of Georgia, Geoff Duncan never expected to find himself in the national spotlight – or in the crosshairs of the President of the United States. Then the 2020 Election and its aftermath brought the nation 's attention to Georgia. Amidst a hurricane of conspiracy and misinformation, Duncan spoke up for truth, conservative values, and the Republican Party he knows. Duncan had a front row seat as Georgia endured a long nightmare of fraud allegations, Presidential coercion, a dual runoff that flipped the U.S. Senate, and election reform that sparked national protests. He called for reason and principle even as Donald Trump viciously attacked him. He fought for " the silenced majority, " current or former Republicans who yearn for a party that can reclaim lost ground and leave behind the politics of dishonesty, disorder, and division. GOP 2.0 is Geoff Duncan 's vision, forged by his unexpected struggle for the party 's future. In his words, " GOP 2.0 is not a new party – it 's a better direction for our Republican Party. " In this refreshing and reinvigorating new book, a leader who has been through the fire lays out a better way forward, one that lifts up reasoned ideas, expands the party, and positions the GOP to win back the White House in 2024.

" This book is a daring intervention to get us back in the game—and a witty, delightfully personal meditation on collective power. " —Naomi Klein The energy on the left has never been higher. But because there are so many issues to tackle, each one more urgent and divisive than the next, some say progressives will once again fail to seize the moment and gain real power. But what if we 're getting the story all wrong? In The Marginalized Majority, Onnesha Roychoudhuri makes the galvanizing case that our plurality of identities is not only our greatest strength, but is also at the indisputable core of successful progressive change throughout history. From the civil rights movement to the Women 's March, mainstream media to Saturday Night Live, Roychoudhuri illuminates how historical narratives are written and, by holding the myths about our disenfranchisement up to the light, reveals we have far more power than we 're often led to believe. With both clear-eyed hope and electrifying power, she examines our ideas about what 's possible, and what 's necessary—opening up space for action, new realities, and, ultimately, survival. Now, Roychoudhuri urges us, is the time to fight like the majority we already are.

Presents a collection of the author's commentaries from Democracy now!, the daily grassroots global news hour that broadcasts the program via radio, satellite and cable television, and Internet.

Torture. Kidnapping. Bogus wars. Illegal wiretapping. Propaganda. Spies in the newsrooms. Oil profiteers. Soldiers who won't fight. Mothers of fallen soldiers Who will. In Static, the bestselling brother-sister team of Amy Goodman, host of Democracy Now!, and investigative journalist David Goodman takes on government liars, corporate profiteers, and the media that have acted as their cheerleaders. The authors cut through the official static to show the truth about war, torture, and government control of the media. Static breaks the sound barrier to present the voices of dissidents, activists, and others who are often frozen out of official debate. Read Static. Become informed. Fight back. Defend democracy.

Censorship has been an ongoing phenomenon even in "the land of the free." This examination of banned books across U.S. history examines the motivations and effects of censorship, shows us how our view of right and wrong has evolved over the years, and helps readers to understand the tremendous importance of books and films in our society. • Provides readers with a broad understanding of the different levels of censorship • Puts challenges to books into historical context of societal standards and current events • Takes both historical and literary perspectives, recognizing the lasting cultural influences of texts and their literary significance • Presents biographical background of major authors who have been challenged • Identifies the source and explains the result of challenges to the most important or influential banned books • Compares challenges to controversial books against similar challenges to controversial films, television shows, and video games
