In July 1996, during an extraordinary out-of-body journey through the Milky Way and other galaxies, Patricia Cori was reconnected and attuned to a group of interdimensional light beings that she and her many readers came to know, through the first Sirian Revelations transmissions, as The Sirian High Council. During her remarkable mission as their Scribe, she has shared the insights of six-dimensional Sirian Light Emissaries through the books and teachings that have transformed readers over the past decades. Now, twenty years from the date of the first transmission, Cori shares new revelations that affirm the veracity of past prophecies and transmit new visions for the human race as we ascend

through the outer reaches of the fourth dimension into new levels of conscious awareness and parallel realities as we prepare for our imminent emergence. Called a "real-life Indiana Jones" by fans and readers around the world, Cori is one of the most well-known and established authorities on multidimensional realities that challenge the status quo. Her messages from distant realms empower readers to look at the dark side, to understand it, but to focus on the light for all humankind and the earth. In this new book, the Sirians once again hold us to our responsibility as guardians of this planet, with sound direction and advice for how to get through these shifting sands of our transition. Their discussions delve into many of the most crucial issues of our time, including the merging of human mind and artificial intelligence, exoplanetary migration from the earth and what that means to planets that will receive us, coming clean about cloning, the care and feeding of the human being, and the slipping of time as we know it. As the struggle between darkness and light is being fought at every level, Cori reminds us to take comfort in the fact that the Sirian High Council foresaw and told us how this time of immense upheaval would be the last phase of our passage out of the darkness and into the light of far more illuminated states of being.

The first of the pioneering trilogy, *The Sirian Revelations*, offers cosmic wisdom to help humankind realize its highest potential. *The Cosmos of Soul* offers a bracing tonic to the shadow of war, disease, and other grim phenomena of contemporary life. The solution, according to noted clairvoyant Patricia Cori, is to awaken into the richer, more meaningful, and empowered existence that is our true fate. Through her psychic contacts with more evolved beings, Cori offers timely insights into the ethics of cloning, the dangers of the Internet, the truth about the AIDS virus, genetic

Rebecca Campbell offers readers an illuminating guide to understanding their soul and discovering why it chose to incarnate at the moment it did. Tap into the cosmic nature of your soul, discover your purpose and commit to being here on Earth with author of *The Starseed Oracle*, Rebecca Campbell. *Letters to a Starseed* asks the biggest questions that mystics and philosophers through the ages have been asking: What is the soul, where did it originate and why have we chosen to come here at this time? As a planet, we are waking up to the fact that the ancient prophecies and warnings from the elders and wise ones are no longer predictions, but our waking reality. They are not just coming or even near... we are living them right now. What we do now matters to the future of this planet. And we all have a role to play. Do you remember why you have come? We are living in a time between myths and stories, and are currently re-weaving the fabric of life on Earth. Throughout this book, Rebecca shares insights and experiences illuminating the connection between our souls, the Earth and the cosmos, to encourage you to commit fully to your incarnation, embrace your human experience and plant yourself here. Part guide, part activation and part encouragement, *Letters to a Starseed* is a deeply soulful and mystical book that will help you to uncover your cosmic origins, be more present to your life and remember why you chose to be here now at this pivotal stage of human history.

Sirian High Council to focus on her past-life experiences in ancient Egypt. The book begins dramatically with the traumatic recall of a past Egyptian life, when Cori relives a horrifying death by suffocation—from being buried alive. This experience propels her on a journey of exploration into the question of human immortality, leading her back to Egypt where she unravels the origins of the ancient Egyptians' obsession with the resurrection of the soul. Cori's discoveries reveal new perspectives on Egyptian mysteries, new timelines as to the beginnings of the civilization, and controversial ideas that link the earliest Egyptian cultures with even earlier civilizations, such as that of Atlantis. As she returns to sites of her former lives, Cori begins to receive messages through which she relives the past-life regression, guiding her to discover secrets of the ancient Egyptians. Finally, she travels beyond the veil of illusions into the "otherworld" of possibilities that lies beyond physical existence. This exciting book weaves strands of science, history, and metaphysics into a shimmering tapestry of personal discovery.

Pete Slattery's experiences of the paranormal, including UFOs and otherworldly and interdimensional beings, continues from his previous book in Operation Starseed: A Temporal War, Second Edition. Pete offers extensive evidence of his contact with E.T.s and how he came to terms with being abducted. He also discusses astral traveling and the importance of meditation as a pathway to enlightenment. Pete's extraordinary story is filled with descriptions of fascinating experiences he calls "High Strangeness." Most importantly, Pete shows us that we are not alone in the universe. Answers to these questions, and more, can be found in this book. Pete is in the top 1% of authentic Experiencer cases in Ufology to-date.
