The Staff of Osiris is the second in a series, currently of four books about Theodosia, written for children from fourth to sixth grade, but her antics are certainly entertaining for adults too. The author uses a lot of Britishisms, which need explanation for younger American children, but the story is captivating, making the reader want to read them all.

The staff has been split into several pieces which were scattered around the world. Kel'Thuzad's underlings in Naxxramas each have a chance to drop a . Once all 40 Splinters have been found, they may be combined into the , which gives a quest to visit the dragon Anachronos. You are then given a quest to obtain the Staff Head and Base of Atiesh.

When mummies go missing all over London, eleven-year-old Theodosia Throckmorton puts aside her fight against the Serpents of Chaos to save her father, who is suspected in the thefts, all the while avoiding a string of new governesses. 20,000 first printing.

Twelve-year-old Theo uses arcane knowledge and her own special talent when she encounters two secret societies, one sworn to protect the world from ancient Egyptian magic and one planning to harness it to bring chaos to the world, both of which want a valuable artifact stolen from the London museum for which her parents work. 20,000 first printing.

An intrepid girl must return a magical artifact to its rightful home in this archeological fantasy adventure for young readers. Eleven-year-old Theodosia Throckmorton is once again setting off for Egypt—this time to return an Emerald Tablet that contains some of the ancient world's most guarded secrets. Accompanied by her cat, Isis (smuggled along in a basket), Theo plans to return the artifact, then explore the mysteries surrounding her own birth and oh, yes—help her mother dig up treasures on her archeological expedition. But nothing ever works out as planned, especially when a precious treasure suddenly appears, and then just as suddenly disappears . . . When the Serpents of Chaos get involved, Theo finds she's digging up more trouble than she expected!

A reluctant young hero must chase down an evil serpent king in "this satisfying middle-grade adventure . . . in colonial British West Africa" (Kirkus Reviews). Nate Fludd is back in the camel saddle in pursuit of a missing, deadly basilisk—the mythical King of Serpents. As if saving a Dhughani village from the beast isn't hard enough, Nate and Aunt Phil must begin to solve the mystery of his parents' disappearance and protect The Fludd Book of Beasts from a sinister man who always seems to be one step ahead of them. With more lively illustrations by Kelly Murphy, The Basilisk's Lair picks up immediately where the first book in the series, Flight of the Phoenix, left off. This historical fantasy chapter

book series is perfect for intermediate readers.

A Romeo & Juliet tale for Hamilton! fans. In post-American Revolution New York City, Theodosia Burr, a scholar with the skills of a socialite, is all about charming the right people on behalf of her father—Senator Aaron Burr, who is determined to win the office of president in the pivotal election of 1800. Meanwhile, Philip Hamilton, the rakish son of Alexander Hamilton, is all about being charming on behalf of his libido. When the two first meet, it seems the ongoing feud between their politically opposed fathers may be hereditary. But soon, Theodosia and Philip must choose between love and family, desire and loyalty, and preserving the legacy their flawed fathers fought for or creating their own. Love, Theodosia is a smart, funny, swoony take on a fiercely intelligent woman with feminist ideas ahead of her time who has long-deserved center stage. A refreshing spin on the Hamiltonian era and the characters we have grown to know and love. It's also a heartbreaking romance of two star-crossed lovers, an achingly bittersweet "what if." Despite their fathers' bitter rivalry, Theodosia and Philip are drawn to each other and, in what unrolls like a Jane Austen novel of manners, we find ourselves entangled in the world of Hamilton and Burr once again as these heirs of famous enemies are driven together despite every reason not to be.

Kidnappers, vampire gangs and other larger than life villains. Victorian melodrama. 10 yrs+

Theodosia discovers the body of her ex-boyfriend while catering an event at the Charleston Aquarium and begins an investigation despite emergency responders believing it to be an accident in the latest Tea Shop mystery following Scones and Bones. Reprint.

Theodosia Browning discovers the body of the local map store owner in an alley behind her tea shop, and is alarmed by Detective Tidwell's theory that she was the intended victim, in this mystery from the author of Oolong Dead. Reprint. 50,000 first printing.

For Vice President Aaron Burr, providing his daughter, Theodosia, with an extraordinary education was much more than just a lifelong obsession. By the time she could walk, Burr had envisioned an incredible goal for her and crafted a master plan to achieve it. He was not interested in turning out just a smart, pretty girl; a father's pride; or a husband's delight. Burr was no petty theorist. He was a brilliant, passionate, egotistical visionary on scale that made the gods cringe. Theodosia was not trained to serve hearth, husband, or plantation. In the 1790s, Burr embraced the radical feminist theories of Mary Wollstonecraft, who argued that girls should receive the same education as boys. From her teens through her marriage in 1802, Theodosia was groomed and educated to become a female Aaron Burr and take her intended station in life: nothing less than president, queen or empress. From her birth into Aaron Burr's illustrious New England family -- her childhood amidst the leaders and the high society of the new nation; her marriage to Joseph Alston, a South Carolina slave-owning aristocrat; her voyage down the Ohio River to become the Empress of Mexico -- to her tragic and mysterious death at sea, this is the true story of Theodosia Burr Alston. Directly from the letters she exchanged with her father, husband, and friends emerges the portrait of an amazing woman and a true American prodigy -- and for twenty-one days, the First Lady of South Carolina. The meticulously researched book also explores whether Burr's intensely close relationship with his daughter may have triggered the legendary Aaron Burr - Alexander Hamilton duel.
