~~How to Write Software Design Documents (SDD) | Template ...~~

The software design document (SDD) typically describes a software product's data design, architecture design, interface design, and procedural design. The content and organization of an SDD is specified by the IEEE 1016 standard.

~~How to Write Software Design Documents: With Examples | Toptal~~

A design doc is the most useful tool for making sure the right work gets done. The main goal of a design doc is to make you more effective by forcing you to think through the design and gather feedback from others. People often think the point of a design doc is to to teach others about some system or serve as documentation later on.
