For more than seven decades the circuses enjoyed tremendous popularity in the Soviet Union. How did the circus—an institution that dethroned figures of authority and refused any orderly narrative structure—become such a cultural mainstay in a state known for blunt and didactic messages? Miriam Neirick argues that the variety, flexibility, and indeterminacy of the modern circus accounted for its appeal not only to diverse viewers but also to the Soviet state. In a society where government-legitimizing myths underwent periodic revision, the circus proved a supple medium of communication. Between 1919 and 1991, it variously displayed the triumph of the Bolshevik revolution, the beauty of the new Soviet man and woman, the vulnerability of the enemy during World War II, the prosperity of the postwar Soviet household, and the Soviet mission of international peace—all while entertaining the public with the acrobats, elephants, and clowns. With its unique ability to meet and reconcile the demands of both state and society, the Soviet circus became the unlikely darling of Soviet culture and an entertainment whose usefulness and popularity stemmed from its ambiguity.

Africa south of the Sahara is a land of wide-ranging traditions and varying cultures. Despite the diversity and the lack of early written records, the continent possesses a rich body of folk tales and legends that have been passed down through the strong custom of storytelling and which often share similar elements, characters and ideas between peoples. So this collection offers a hefty selection of legends and tales – stories of the gods, creation and origins, trickster exploits, animal fables and stories which entertain and edify – from 'Obatala Creates Mankind', from the Yoruba people of west Africa, to 'The Girl Of The Early Race, Who Made Stars', from the San people of southern Africa, all collected in a gorgeous gold-foiled and embossed hardback to treasure.
