Every business needs referrals from satisfied clients. A good referral can lead to a closed sale faster and easier than any other lead. But let ' s face it. Asking for referrals can be awkward. And asking is often ineffective. That ' s why Stacey Brown Randall developed a method of getting referrals — without asking. In her book *Generating Business Referrals Without Asking*, she shares her system for revolutionizing any business. Her structured approach reduces the hustle and increases productivity and profit. With Randall ' s system, you can stop wasting time and money marketing to cold leads and stalking would-be clients on social media. And you can start doing what you love most — providing the excellent service that made you go into business in the first place. In *Generating Business Referrals Without Asking*, you ' ll get Randall ' s five steps to steady business growth, case studies from business professionals, and a step-by-step roadmap that even the busiest business owner can implement.

The #1 way to start getting referrals? STOP ASKING In all his years of helping financial professionals build and grow their businesses, Stephen Wershing has learned that the number one way to make sure you don't get a referral is by asking for it. Why? Because studies prove that clients refer you not to benefit you but to benefit themselves. So you have to approach the challenge from a completely new angle. *Stop Asking for Referrals* helps you do exactly that. Inside, Wershing provides the tools you need to get more referrals than ever by designing your practice in a way that gets clients to mention you to friends when the opportunity arises. He calls it "the new referral conversation," and it works. Define your target market with accuracy and precision Communicate your value clearly and effectively Create your company's unique "brand" Harness the natural, normal social interactions of your clients to serve your marketing efforts You'll also learn how to use client feedback to benefit your business, create your service package, and bring in new business. "The way you have been told to attract referrals is based on an assumption that's wrong," Wershing writes. "And it is undermining your business and your relationships." You will come away with a deep understanding of why and where referrals actually come from, how to tailor your own practice to get people talking about you, and ways to develop a communication plan to project your reputation. So stop asking for referrals--and start attracting more new clients than you ever thought possible. Praise for *Stop Asking for Referrals* "Steve Wershing helps you unlock the untapped referral potential you have in your business today with an approach that is as comfortable as it is effective." -- JULIE LITTLECHILD, founder and president of Advisor Impact "The most comprehensive, practical, and engaging guide I know of for strengthening existing client connections and cultivating new ones in a way that is experience-based, respectful, and long-lasting." -- OLIVIA MELLAN, psychotherapist, money coach, author of *The Client Connection*, and columnist for *Investment Advisor* "Reading this book will revolutionize how you think about growing your business." -- MICHAEL E. KITCES, MSFS, MTAX, CFP, partner, Pinnacle Advisory Group, and blogger, *Nerd's Eye View* "This book will help you overcome . . . discomfort and show you how to engage your clients so that they will proudly help you build your business. Kudos for this powerful, one-stop marketing resource!" -- SHERYL GARRETT, CFP, AIF, award-winning author, advisor, and founder of the Garrett Planning Network "Stop Asking for Referrals is on my Top Ten list of books that I believe offer the most meaningful strategies for advisors. . . . Steve's ideas for referral marketing are brilliant and just plain common sense. Advisors will embrace his book as the new referral bible. -- SYDNEY LEBLANC, founding editor of *Registered Rep* magazine; partner of LeBlanc and Company "Embrace Steve's advice if you'd like to see your practice growth become effortless, boundless, and fun!" -- MARIE SWIFT, CEO, Impact Communications, columnist for *Financial Planning* magazine, and author of *Become a Media Magnet*

Use Your Contacts as the Building Blocks to Success "The 'Golden Rules' for developing a continuous chain of high-quality referrals for any product in any business." —Brian Tracy, bestselling author of *The Psychology of Selling* "This easy-to-use, practical guide will dramatically increase your referral stream." —Jon Voegelé, Regional Vice President of Agency, COUNTRY Financial "Matt Anderson has written an indispensable manual to doing business in our networked age where ideas and business opportunities travel virally." —Magnus Lindkvist, trendspotter and author of *Everything We Know Is Wrong* and *The Attack of the Unexpected* When you ask a successful salesperson how he or she gets so much business, the answer is always the same: " Word of mouth. " A quality referral is vastly more valuable than any other form of marketing. But how much time and effort do you actually spend harvesting those referrals? *Fearless Referrals* shows how to secure consistently higher quality referrals the right way. This groundbreaking guide provides a toolbox of wording that works, powerful fear-killing techniques, and proven referral-gathering methods that will completely transform your business. Learn how to: Overcome the fears of rejection and appearing too needy Develop a six-step system where others are comfortable opening doors for you Create relationships that foster future referrals Ask the right people, the right way, at the right time for a referral You can build a world-class business simply by leveraging your most valuable asset—your network. As you become increasingly fearless about referrals, word-of-mouth is money in the bank.

The bestselling author of *Duct Tape Marketing* shows how to get your customers to do your best marketing for you. Word-of-mouth referrals are more important than ever. People trust the recommendation of a friend, colleague, or even a stranger with similar tastes over anything thrust at them by a faceless company. Marketing expert John Jantsch offers practical techniques for harnessing the power of referrals to ensure a steady flow of new customers. The key lies in understanding the 'Customer Referral Cycle' - the way customers refer others to your company who, in turn, generate even more referrals. If everyone in the organization keeps this in mind, Jantsch argues, your business will generate referrals like a well-oiled machine. 'A swift, appealing read and a thorough primer on the power of letting your products and customers peak for themselves.' Publishers Weekly 'Frankly, I had no idea how John was going to top *Duct Tape Marketing*. . . But with *The Referral Engine*, John puts you in the driver's seat and shows you the steps to achieving marketing success without a huge budget.' Chris Brogan, coauthor of *Trust Agents* and *The Impact Equation* 'This book will show you how to give people something to talk about.' Tony Hsieh, CEO of Zappos.com, author of *Delivering Happiness* 'Who knew that there's a science to referrals? Not I - but now that I know, I want you to benefit from John's expertise. In a sense, a jacket blurb is the ultimate referral, and I'm here to blurb this book because it will help you succeed in business.' Guy Kawasaki, cofounder of Alltop, author of *Enchantment*
